

Republic Services Files Supplement to Proxy Statement

May 5, 2009 1:02 AM EDT

PHOENIX--(BUSINESS WIRE)--May. 4, 2009-- Republic Services, Inc. (NYSE: RSG) today filed a supplement to its proxy statement for the 2009 Annual Meeting of Stockholders to describe new employment agreements with James O'Connor, chief executive officer, and Tod Holmes, chief financial officer.

The new employment agreements for Messrs. O'Connor and Holmes are consistent with the company's executive compensation philosophy, which is designed to retain and motivate executives to increase stockholder value on both an annual and long-term basis, particularly as the company continues to integrate the acquired Allied Waste operations. The compensation committee of the Republic Services board of directors, which engaged outside compensation consultants to assist in its analysis, believes that the proposed new employment agreements effectively align Messrs. O'Connor's and Holmes' interests with the long-term interests of the company's stockholders.

The new agreements are subject to, and will become effective on, approval by the company's stockholders of the Executive Incentive Plan at the annual meeting, as proposed in the proxy statement. Additional details of the company's executive compensation plans can be found on the company's website or in its filings with the Securities and Exchange Commission.
