

Republic Services Unveils 2030 Sustainability Goals

July 19, 2019 8:55 PM EDT

Company's New Sustainability Report Highlights Alignment with the United Nations' Sustainable Development Goals

PHOENIX, July 19, 2019 /PRNewswire/ -- Republic Services, Inc. (NYSE: RSG) today announced its next generation [sustainability strategy](#), which includes seven ambitious, long-term goals designed to address critical global macrorends related to the Company's most important sustainability risks and opportunities.

"2018 was a milestone year for Republic Services as we marked the achievement of our time-bound sustainability goals. Today, we're setting an even higher bar by establishing 2030 goals that we believe have the potential to significantly benefit the environment and society while continuing to strengthen the foundation of our business," said Donald W. Slager, chief executive officer. "The Republic team's commitment to innovation and passion for our Blue Planet® will serve as the engines propelling us forward to achieve more than ever before."

Our Blue Planet: 2030 Goals

- Safety Amplified:
 - Zero employee fatalities
 - Reduce OSHA Total Recordable Incident Rate (TRIR) to 2.0 or less by 2030
- Engaged Workforce: Achieve and maintain employee engagement scores at or above 88 percent by 2030
- Climate Leadership: Reduce absolute Scope 1 and 2 greenhouse gas emissions 35 percent by 2030 (2017 baseline year), aligned with SBTi¹
- Circular Economy: Increase recovery of key materials by 40 percent on a combined basis by 2030 (2017 baseline year)
- Regenerative Landfills: Increase biogas sent to beneficial reuse by 50 percent by 2030 (2017 baseline year)
- Charitable Giving: Positively impact 20 million people by 2030

The Company undertook a comprehensive approach to the development of its new sustainability goals. This assessment included an analysis of global trends, identification of business model dependencies and engagement with key stakeholders. The Company is also committing to increased transparency and reporting, starting with its recently launched [2018 Sustainability Accounting Standards Board \(SASB\) Report](#) and an expanded [2018 Global Reporting Initiative \(GRI\) Report](#).

"We've aligned our new, more ambitious set of sustainability goals with the United Nations' Sustainable Development Goals that are important to our business and where we foresee the greatest opportunity to create value at scale," said Pete Keller, vice president of recycling and sustainability. "We also took the extra step of setting a science-based climate leadership goal aligned with the Science-Based Targets initiative, which we believe helps ensure we're doing our part to mitigate climate change."

Republic Services continues to earn notable recognition for sustainability and corporate responsibility achievements, as demonstrated by inclusion in the [Dow Jones Sustainability Index \(DJSI\) – North America and World Indices](#), [Carbon Disclosure Project's \(CDP\) Global Climate and the Supplier Climate Management Levels](#) and [Barron's 100 Most Sustainable Companies](#) list. Republic was also named to [Forbes World's Most Innovative Companies](#) list, [Forbes Best Employers for Women](#) list, and Ethisphere's [World's Most Ethical Companies](#) list.
