REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Management of Republic Services, Inc.:

We have audited the accompanying statements of net assets available for benefits of the Republic Services 401(k) Plan as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2002 and 2001 and the changes in its net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2002, and reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2002**

(1) DESCRIPTION OF PLAN:

(a) General

The following description of the Republic Services 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan.

The Plan was established effective April 1, 1999 to provide benefits to all eligible employees of Republic Services, Inc. and its subsidiaries (the "Company"). The Plan is a defined contribution plan commonly known as an Internal Revenue Code ("IRC") section 401(k) profit sharing plan and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company is the designated administrator of the Plan.

Although it has expressed no intention to do so, the Company retains the right, if necessary, to terminate the Plan. The Company also retains the right to amend the Plan from time to time.

In the event the Plan is terminated, each participant will receive a benefit equal to the value of the participant's interest in their account as of the date of the distribution. Each participant will have the option of receiving a lump-sum distribution or rolling over their distributions into an Individual Retirement Account.

(b) Eligibility

Employees are eligible to participate in the Plan when they are at least 18 years of age and have completed three months of employment. Enrollment provisions allow for weekly entry dates by all eligible employees.

(c) Contributions and Funding Policy

Under the provisions of the Plan, participants may direct the Company to defer a portion of their compensation to the Plan, subject to a maximum of 25% and 15% of eligible compensation in 2002 and 2001, respectively, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan. In 2002, each eligible participant could contribute up to \$11,000 and participants over 50 years of age could make catch-up contributions, subject to other applicable IRC limitations. The Plan also allows for rollovers of vested contributions from previous employers' qualified plans.

During 2002 and 2001, an employer matching contribution of 50% of the amount contributed by each participant up to 4% of the employee's salary was made. This contribution is made by the Company to all participants who are employees on the last day of each calendar quarter and are credited with at least one year of service at that time. The employer match is generally made in shares of the Company's common stock. The employer matching contribution for 2002 and 2001 is \$2,620,880 and \$2,236,697, respectively, which was paid in stock of the Company and is included in the accompanying financial statements. Participants are allowed to sell their investment in the Company's common stock and reinvest the proceeds in any of the other Plan's investment options. The Company did not make any discretionary contributions to the Plan during 2002 or 2001.

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of investment income. The Plan provides for immediate vesting of all contributions plus actual earnings thereon.

(d) Investments

The Company entered into an agreement whereby Merrill Lynch Trust Company (the "Trustee") has been appointed the Trustee of the Plan's assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan subject to the direction of the Plan's Benefits Committee and participant investment elections.

[Table of Contents](#)

The Plan does not permit participant loans. However, the Plan accepts and services loans rolled over from the plans of acquired companies (See Note 5).

(e) Payment of Benefits

In general, upon termination of service due to death, disability, or retirement, a participant (or designated beneficiary) will receive a lump-sum amount equal to the value of the participant's account. Participants with balances attributable to participation in the former Republic Rewards 401(k) Plan (which is a plan for employees of AutoNation, Inc., Republic Services, Inc.'s former parent company) can elect to receive annual installments over a period not exceeding the remaining life expectancy of the payee. Participants with balances from other prior plans will retain the distribution options of those plans. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(2) SIGNIFICANT ACCOUNTING POLICIES:

The accompanying financial statements are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and Republic Services, Inc. common stock are stated at fair value as determined by quoted market prices for these securities on national securities exchanges. The Plan's investments in collective trust funds are stated at fair value as determined by the Trustee. Purchases and sales of investments are recorded on a trade-date basis. The Plan records dividends on the ex-dividend date.

Reclassifications

Certain amounts in the 2001 Statement of Net Assets Available for Benefits have been reclassified to conform to the 2002 presentation.

(5) TRANSFERS INTO PLAN:

The 401(k) plans of certain companies acquired by the Company are periodically converted into the Plan, with the related employees becoming participants. All of the assets of these plans are transferred at fair value and invested in the Plan based upon the employees' former account balances by investment type. For the Plan year ended December 31, 2002, \$2,522,013 of Plan assets are reflected as transfers into the Plan from acquired company plans in the accompanying statement of changes in net assets available for benefits.

(6) BENEFIT DISTRIBUTIONS:

In general, upon termination of service, including death, total and permanent disability, or retirement, a participant (or the participant's beneficiary) will receive an amount equal to the value of the participant's account.

Amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment but have not yet been paid totaled \$39,440 and \$200,841 at December 31, 2002 and 2001, respectively. Such amounts are included in net assets available for benefits at December 31, 2002 and 2001 in accordance with American Institute of Certified Public Accountants guidelines. However, the Plan's Form 5500 reflects such amounts as liabilities of the Plan in accordance with IRC guidelines.

(7) PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds and collective trust funds managed by Merrill Lynch Asset Management Company, an affiliate of the Trustee. Therefore, these investments represent a party-in-interest to the Plan. The Company pays substantially all fees and expenses of the Plan, which primarily consist of legal, administrative and accounting fees. Fees and expenses paid directly by the Company were \$171,046 and \$120,173 in 2002 and 2001, respectively.

(8) INCOME TAX STATUS:

The Plan has received a determination letter from the Internal Revenue Service dated September 11, 2002 stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.
