PROSPECTUS SUPPLEMENT
(to Prospectus Dated May 3, 2010)

\$1,850,000,000

\$700,000,000 3.800% Notes due 2018
\$550,000,000 4.750% Notes due 2023
\$600,000,000 5.700% Notes due 2041

We are offering \$700,000,000 aggregate principal amount of 3.800% notes due 2018 (the “2018 Notes”), \$550,000,000 aggregate principal amount of 4.750% notes due 2023 (the “2023 Notes”) and \$600,000,000 aggregate principal amount of 5.700% notes due 2041 (the “2041 Notes” and, together with the 2018 Notes and the 2023 Notes, the “Notes”). Interest on the Notes is payable semi-annually in arrears on May 15 and November 15 of each year, beginning on November 15, 2011. The 2018 Notes will mature on May 15, 2018, the 2023 Notes will mature on May 15, 2023 and the 2041 Notes will mature on May 15, 2041. We may redeem some or all of the Notes at any time or from time to time at our option at a redemption price equal to their principal amount plus a “make-whole premium,” as described under the caption “Description of Notes — Optional Redemption” in this prospectus supplement. Commencing three months prior to their maturity date, we may redeem some or all of the 2023 Notes, at any time and from time to time at a redemption price equal to the principal amount of the 2023 Notes being redeemed plus accrued and unpaid interest. Commencing six months prior to their maturity date, we may redeem some or all of the 2041 Notes, at any time and from time to time at a redemption price equal to the principal amount of the 2041 Notes being redeemed plus accrued and unpaid interest to the redemption date. If a change of control triggering event as described in the accompanying prospectus occurs, we may be required to offer to purchase the Notes from the holders at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest. See “Description of Debt Securities — Change of Control Triggering Event” in the accompanying prospectus.

The Notes will be our unsecured unsubordinated obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness from time to time outstanding. The Notes will be jointly and severally guaranteed by substantially all of our direct and indirect subsidiaries. The Notes will be issued only in registered form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The Notes will not be listed on any securities exchange. Currently, there is no public market for the Notes.

Investing in the Notes involves risks. You should read carefully the entire accompanying prospectus and this prospectus supplement and the documents incorporated by reference herein and therein, including the section entitled “Risk Factors” beginning on page S-4 of this prospectus supplement and in our Annual Report on Form 10-K for the year ended December 31, 2010.

Neither the United States Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these Notes or passed upon the accuracy or adequacy of this prospectus supplement or the accompanying prospectus. Any representation to the contrary is a criminal offense.

FORWARD-LOOKING STATEMENTS

This prospectus supplement and the accompanying prospectus and the documents incorporated by reference herein and therein contains certain forward-looking information about us that is intended to be covered by the safe harbor for “forward-looking statements” provided by the Private Securities Litigation Reform Act of 1995. Forward-looking statements are statements that are not historical facts. Words such as “expect,” “will,” “may,” “anticipate,” “plan,” “estimate,” “project,” “intend,” “should,” “can,” “likely,” “could” and similar expressions are intended to identify forward-looking statements. These statements include statements about the expected benefits of the merger and our plans, strategies and prospects. Forward-looking statements are not guarantees of performance. These statements are based upon the current beliefs and expectations of our management and are subject to risk and uncertainties that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot assure you that the expectations will prove to be correct. Among the factors that could cause actual results to differ materially from the expectations expressed in the forward-looking statements are:

- the impact on us of our substantial indebtedness, including on our ability to obtain financing on acceptable terms to finance our operations and growth strategy and to operate within the limitations imposed by financing arrangements;
- general economic and market conditions including, but not limited to, the current global economic and financial market crisis, inflation and changes in commodity pricing, fuel, labor, risk and health insurance and other variable costs that are generally not within our control, and our exposure to credit and counterparty risk;
- whether our estimates and assumptions concerning our selected balance sheet accounts, income tax accounts, final capping, closure, post-closure and remediation costs, available airspace, and projected costs and expenses related to our landfills and property and equipment (including our estimates of the fair values of the assets and liabilities acquired in our acquisition of Allied Waste Industries, Inc. (“Allied”)), and labor, fuel rates and economic and inflationary trends, turn out to be correct or appropriate;
- competition and demand for services in the solid waste industry;
- the fact that price increases to our customers may not be adequate to offset the impact of increased costs, including labor, third-party disposal and fuel, and may cause us to lose volume;
- our ability to manage growth and execute our growth strategy;
- our compliance with, and future changes in, environmental and flow control regulations and our ability to obtain approvals from regulatory agencies in connection with operating and expanding our landfills;
- our ability to retain our investment grade ratings for our debt;
- our dependence on key personnel;
- our dependence on large, long-term collection, transfer and disposal contracts;
- our business is capital intensive and may consume cash in excess of cash flow from operations;
- any exposure to environmental liabilities, to the extent not adequately covered by insurance, could result in substantial expenses;
- risks associated with undisclosed liabilities of acquired businesses;
- risks associated with pending and any future legal proceedings, including litigation, audits or investigations brought by or before any government body;
- severe weather conditions, which could impair our financial results by causing increased costs, loss of revenue, reduced operational efficiency or disruptions to our operations;

Table of Contents

- compliance with existing and future legal and regulatory requirements, including limitations or bans on disposal of certain types of wastes or on the transportation of waste, which could limit our ability to conduct or grow our business, increase our costs to operate or require additional capital expenditures;
- workforce factors, including potential increases in our costs if we are required to provide additional funding to any multi-employer pension plan to which we contribute and the negative impact on our operations of union organizing campaigns, work stoppages or labor shortages;
- the negative effect that trends toward requiring recycling, waste reduction at the source and prohibiting the disposal of certain types of wastes could have on volumes of waste going to landfills;
- changes by the Financial Accounting Standards Board or other accounting regulatory bodies to generally accepted accounting principles or policies;
- acts of war, riots or terrorism, including the events taking place in the Middle East and the continuing war on terrorism, as well as actions taken or to be taken by the United States or other governments as a result of further acts or threats of terrorism, and the impact of these acts on economic, financial and social conditions in the United States; and
- the timing and occurrence (or non-occurrence) of transactions and events which may be subject to circumstances beyond our control.

The risks included here are not exhaustive. Refer to “Risk Factors” for further discussion regarding our exposure to risks. You should be aware that any forward-looking statement made by us in this prospectus supplement and the accompanying prospectus, the documents incorporated herein and therein by reference or elsewhere, speaks only as of the date on which we make it. New risks and uncertainties come up from time to time, and it is impossible for us to predict these events or how they may affect us. In light of these risks and uncertainties, you should keep in mind that any scenarios or results contained in any forward-looking statement made in this prospectus supplement and the accompanying prospectus, the documents incorporated herein and therein by reference or elsewhere might not occur. Readers are cautioned not to place undue reliance on these forward-looking statements. Except to the extent required by applicable law or regulation, we undertake no obligation to update or publish revised forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

SUMMARY

This summary highlights selected information contained elsewhere or incorporated by reference in this prospectus supplement and the accompanying prospectus. Because this is only a summary, it may not contain all of the information you should consider in making your investment decision. To understand all of the terms of this offering and for a more complete understanding of our business, you should carefully read this entire prospectus supplement and the accompanying prospectus, particularly the section entitled “Risk Factors,” and the documents incorporated by reference in this prospectus supplement and the accompanying prospectus.

The Company

We are the second largest provider of services in the domestic non-hazardous solid waste industry as measured by revenue. As of March 31, 2011, we provide non-hazardous solid waste collection services for commercial, industrial, municipal and residential customers through 343 collection companies in 40 states and Puerto Rico, and we own or operate 201 transfer stations, 195 active solid waste landfills and 74 recycling facilities. We also operate 73 landfill gas and renewable energy projects. We completed our merger with Allied Waste Industries, Inc. in December 2008. We believe that this merger created a strong operating platform that will allow us to continue to provide quality service to our customers and superior returns to our stockholders.

We were incorporated as a Delaware corporation in 1996. Our principal and administrative offices are located at 18500 North Allied Way, Phoenix, Arizona 85054. Our telephone number at that location is (480) 627-2700. We maintain a website at <http://www.republicservices.com>. The information on our website is not part of this prospectus supplement or the accompanying prospectus.

The Offering

The following summary contains basic information about the Notes and is not intended to be complete. It may not contain all of the information that is important to you. Certain terms and conditions described below are subject to important limitations and exceptions. For a more complete description of the terms of the Notes, see “Description of Notes.”

Issuer	Republic Services, Inc.
Securities Offered	\$700,000,000 aggregate principal amount of 3.800% notes due 2018. \$550,000,000 aggregate principal amount of 4.750% notes due 2023. \$600,000,000 aggregate principal amount of 5.700% notes due 2041.
Maturity Date	2018 Notes: May 15, 2018. 2023 Notes: May 15, 2023. 2041 Notes: May 15, 2041.
Interest Rate	2018 Notes: 3.800%, accruing from the issue date of the Notes. 2023 Notes: 4.750%, accruing from the issue date of the Notes. 2041 Notes: 5.700%, accruing from the issue date of the Notes.
Interest Payment Dates	May 15 and November 15, beginning November 15, 2011.
Ranking	The Notes will be our unsecured unsubordinated obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness from time to time outstanding. The Notes will be senior to any of our subordinated indebtedness from time to time outstanding and will rank junior to our secured indebtedness from time to time outstanding to the extent of the value of the assets securing such indebtedness. The Notes will also be effectively junior in right of payment to all existing and future liabilities, including trade payables, of our domestic subsidiaries that do not guarantee the Notes and all of our foreign subsidiaries, which will not guarantee the Notes.
Guarantees	The Notes initially will be guaranteed, jointly and severally, by all of our subsidiaries that guarantee our revolving credit facilities. Each guarantee will be a senior obligation of the guarantor, will rank equally with all unsecured and unsubordinated indebtedness of the guarantor from time to time outstanding, will rank senior to any subordinated indebtedness of the guarantor from time to time outstanding and will rank junior to any secured indebtedness of a guarantor from time to time outstanding to the extent of the value of the assets securing such indebtedness.
Optional Redemption	At our option, we may redeem some or all of the Notes, at any time or from time to time at a redemption price equal to their principal amount plus a “make-whole premium,” as described in this prospectus supplement, plus accrued and unpaid interest. Commencing three months prior to their maturity date, we may redeem some or all of the 2023 Notes, at any time and from time to time at a redemption price equal to the principal amount of the 2023 Notes being redeemed plus accrued and unpaid interest. Commencing six months prior to their maturity date, we may redeem some or all of the 2041 Notes, at any time and from time to time at a redemption price equal to the principal amount of the 2041 Notes being redeemed plus accrued and unpaid interest to the redemption date. The redemption prices are described under “Description of Notes — Optional Redemption.”

Change of Control	If we experience specific kinds of changes of control, each holder of the Notes will have the right to require us to purchase all or a portion of such holder's Notes, at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest. See "Description of Debt Securities — Change of Control Triggering Event" in the accompanying prospectus.
Covenants	The indenture governing the Notes provides for certain limitations on our ability and the ability of certain of our subsidiaries to (i) create liens on the capital stock or indebtedness of any principal subsidiary or certain property and (ii) enter into sale and leaseback transactions.
Consolidation, Mergers and Sales of Assets	We may not consolidate, merge or sell substantially all of our assets as an entirety, unless, among other requirements: (i) the successor corporation assumes our obligations on the Notes and (ii) no Event of Default (as defined in the indenture governing the Notes) has occurred and is continuing.
Events of Default — Cross Default	Failure to pay when due any of our obligations or any of our principal subsidiaries' obligations in the aggregate principal amount of at least \$25 million that continues for 25 days after notice to us by the trustee or holders of at least 25% in principal amount of the Notes then outstanding constitutes a default under the indenture governing the Notes.
Use of Proceeds	We estimate that the net proceeds of this offering will be approximately \$1,828.7 million, after deducting underwriting discounts and estimated offering expenses payable by us. From the net proceeds of this offering we expect to use: (i) \$621.4 million to fund the redemption of our \$600 million 7.125% senior notes maturing in 2016; (ii) \$81.5 million to purchase approximately \$59.1 million of our subsidiary Browning-Ferris Industries, LLC's 9.25% debentures maturing in 2021; (iii) \$221.8 million to purchase approximately \$180.7 million of our subsidiary Browning-Ferris Industries, LLC's 7.40% debentures maturing in 2035; (iv) \$607.0 million to repay borrowings under our revolving credit facilities; and (v) the remainder for general corporate purposes.

Investing in the Notes involves substantial risks. See "Risk Factors" beginning on page S-4 of this prospectus supplement for a discussion of certain risks relating to us, our business and an investment in the Notes that you should carefully consider before investing in the Notes.

RISK FACTORS

An investment in the Notes is subject to risk. Before you decide to invest in the Notes, you should consider the risk factors below as well as the risk factors discussed in our Annual Report on Form 10-K for the year ended December 31, 2010 incorporated by reference in the accompanying prospectus.

We have substantial indebtedness, which may limit our financial flexibility.

As of March 31, 2011, we had approximately \$7.1 billion in principal value of debt and capital leases outstanding. This amount of indebtedness and our debt service requirements may limit our financial flexibility to access additional capital and make capital expenditures and other investments in our business, to withstand economic downturns and interest rate increases, to plan for or react to changes in our business and our industry, and to comply with the financial and other restrictive covenants of our debt instruments. Further, our ability to comply with the financial and other covenants contained in our debt instruments may be affected by changes in economic or business conditions or other events that are beyond our control. If we do not comply with these covenants and restrictions, we may be required to take actions such as reducing or delaying capital expenditures, reducing dividends or stock repurchases, selling assets, restructuring or refinancing all or part of our existing debt, or seeking additional equity capital.

We may be able to incur substantially more debt. This could exacerbate the risks associated with our indebtedness.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future. The Notes and the existing terms of our other debt do not prohibit us and our subsidiaries from incurring significant additional indebtedness in the future, subject to maintenance of certain financial covenants in our credit facilities.

We may not be able to purchase the Notes if we experience a change of control triggering event.

If we experience a change of control triggering event, we will be required to offer to purchase each holder's Notes at a price equal to 101% of their principal amount plus accrued and unpaid interest. When such change of control event occurs, we may not have sufficient financial resources to purchase all of the Notes that holders tender to us in connection with a change of control offer. The instruments governing our credit facilities also provide that a change of control will be a default that allows the lenders thereunder to accelerate the maturity of borrowings thereunder, and we have other debt that must be repurchased upon a change of control. Any future debt agreements may contain similar provisions. Our failure to purchase the Notes as required under the indenture governing the Notes would be a default, which could have material adverse consequences for us. See "Description of Debt Securities — Change of Control Triggering Event" in the accompanying prospectus.

The Notes and guarantees are unsecured and will be effectively subordinated to all of our and our subsidiary guarantors' existing and future secured obligations to the extent of the collateral securing such obligations.

The Notes and guarantees are unsecured and will be effectively subordinated to all of our and our subsidiary guarantors' secured obligations from time to time outstanding to the extent of the collateral securing such obligations. Each of our \$1.25 billion revolving credit facilities is unsecured. As of March 31, 2011, we had \$91.9 million of secured debt outstanding, including obligations under capital leases. The indenture governing the Notes generally will allow us to incur liens in an amount up to, in addition to specified permitted liens, 20% of our consolidated net tangible assets. As of March 31, 2011, the book value of our property and equipment, including landfill development costs, approximated \$6.7 billion. See "Description of Debt Securities — Certain Covenants" in the accompanying prospectus.

We conduct a substantial portion of our operations through our subsidiaries. Not all of our subsidiaries will guarantee the Notes and assets of our non-guarantor subsidiaries may not be available to make payments on the Notes.

Cash flow and our ability to service debt, including the Notes, depends substantially on the distribution of earnings, loans or other payments made by our subsidiaries to us. If distributions from our subsidiaries to us were eliminated, delayed, reduced or otherwise impaired, our ability to make payments on the Notes would be substantially impaired. Payments on the Notes will only be required to be made by us and the subsidiary guarantors. The non-guarantor subsidiaries include subsidiaries that are not wholly owned, insurance companies,

other finance-related subsidiaries, foreign subsidiaries and other subsidiaries which are not guarantors under our credit facilities. Because the non-guaranteeing subsidiaries may have other creditors and are not obligated to repay and do not guarantee repayment of the Notes, you cannot rely on such subsidiaries to make any payments on the Notes directly to you or to make sufficient distributions to enable us to satisfy our obligations to you under the Notes. If any or all of our non-guarantor subsidiaries become the subject of a bankruptcy, liquidation or reorganization, the creditors of the subsidiary or subsidiaries, including debt holders, must be paid in full out of the subsidiary's or subsidiaries' assets before any monies may be distributed to us as the holder of the equity in the subsidiary or subsidiaries.

The subsidiary guarantees of the Notes may be limited in duration.

The Notes will be guaranteed by substantially all of our subsidiaries. The subsidiary guarantors may be released from their respective obligations under the indenture under certain circumstances, including the release of such subsidiary guarantors from their obligations under our revolving credit facilities. Under such circumstances the Notes would no longer have the benefit of subsidiary guarantees and holders of the Notes would no longer have direct claims against the subsidiary guarantors.

The subsidiary guarantees of the Notes may be subject to review under United States federal or state fraudulent transfer law, which could limit their enforceability.

To the extent that a United States federal or state court were to find that (x) the guarantees were incurred with intent to hinder, delay or defraud any present or future creditor, or a subsidiary guarantor contemplated insolvency with a design to prefer one or more creditors to the exclusion in whole or in part of others, or (y) the subsidiary issuing the guarantee did not receive fair consideration or reasonably equivalent value for issuing its guarantees and any subsidiary guarantor (i) was insolvent, (ii) was rendered insolvent by reason of the issuance of the guarantees, (iii) was engaged or about to engage in a business or transaction for which the remaining assets of a subsidiary guarantor constituted unreasonably small capital to carry on its business or (iv) intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they matured, that court could avoid or subordinate the guarantees in favor of a subsidiary guarantor's other creditors. If the guarantees are subordinated, payments of principal and interest on the Notes generally would be subject to the prior payment in full of all other indebtedness of the subsidiary guarantor. Among other things, a legal challenge of the guarantees on fraudulent conveyance grounds may focus on the benefits, if any, realized by the subsidiary guarantor as a result of the issuance by us of the Notes. The extent (if any) to which a particular subsidiary guarantor may be deemed to have received such benefits may depend on our use of the proceeds of this offering, including the extent (if any) to which such proceeds or benefits therefrom are contributed to the subsidiary guarantor. The measure of insolvency for purposes of the foregoing will vary depending on the law of the applicable jurisdiction. Generally, however, an entity would be considered insolvent if the sum of its debts (including contingent or unliquidated debts) is greater than all of its property at a fair valuation or if the present fair saleable value of its assets is less than the amount that will be required to pay its probable liability under its existing debts as such debts become absolute and matured. Based upon financial and other information currently available to us, we presently believe that the guarantees are being incurred for proper purposes and in good faith, and that the subsidiary guarantors (i) are solvent and will continue to be solvent after issuing the guarantees, (ii) will have sufficient capital for carrying on their business after such issuance and (iii) will be able to pay their debts as they mature. A court may not agree with these conclusions. In addition, a court could determine that any particular subsidiary guarantor did not receive fair consideration or reasonably equivalent value for issuing its guarantee.

Your ability to transfer the Notes offered hereby may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the Notes offered hereby.

The Notes are new issues of securities for which there is currently no trading market. We do not intend to have the Notes listed on a national securities exchange. The underwriters have advised us that they intend to make a market in the Notes offered hereby, as permitted by applicable laws and regulations; however the underwriters are not obligated to make a market in the Notes, and they may discontinue their market-making activities at any time without notice. Therefore, we cannot assure you that an active market for the Notes will develop or, if developed, that such a market will continue. In addition, subsequent to their initial issuance, the Notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

RATIOS OF EARNINGS TO FIXED CHARGES

The following table shows our ratio of earnings to fixed charges for the three months ended March 31, 2011 and for each of the years ended December 31, 2010, 2009, 2008, 2007 and 2006. It should be noted that on December 5, 2008 we acquired all the issued and outstanding shares of Allied in a stock-for-stock transaction for an aggregate purchase price of \$12.1 billion, which included approximately \$5.4 billion of debt, at fair value. For the purpose of computing these ratios, the numerator, earnings, consists of income from continuing operations before provision for income taxes plus interest expense and an estimate of interest within rent expense divided by the denominator, fixed charges, which consists of interest expense including amounts capitalized and an estimate of interest within rent expense.

USE OF PROCEEDS

We estimate that the net proceeds of this offering will be approximately \$1,828.7 million, after deducting underwriting discounts and estimated offering expenses payable by us. From the net proceeds of this offering we expect to use: (i) \$621.4 million to fund the redemption of our \$600 million 7.125% senior notes maturing in 2016; (ii) \$81.5 million to purchase approximately \$59.1 million of our subsidiary Browning-Ferris Industries, LLC's 9.25% debentures maturing in 2021; (iii) \$221.8 million to purchase approximately \$180.7 million of our subsidiary Browning-Ferris Industries, LLC's 7.40% debentures maturing in 2035; (iv) \$607.0 million to repay borrowings under our revolving credit facilities; and (v) the remainder for general corporate purposes. As of April 29, 2011, the interest rates for borrowings under our revolving credit facility due April 2016 and our revolving credit facility due September 2013 were 1.46% and 1.55%, respectively.

DESCRIPTION OF NOTES

The following description of the particular terms of the 3.800% Notes due May 15, 2018, the 4.750% Notes due May 15, 2023 and the 5.700% Notes due May 15, 2041 (which each represent a new series of, and are referred to in the accompanying prospectus as, the “debt securities”) supplements, and to the extent inconsistent with, replaces the description of the general terms and provisions of the debt securities set forth in the accompanying prospectus.

We will issue the Notes under the indenture between us and The Bank of New York Mellon Trust Company, N.A., as trustee, dated as of September 8, 2009, as supplemented by the second, third and fourth supplemental indentures, each to be dated as of May 9, 2011. In this prospectus supplement we refer to that indenture as so supplemented as the “indenture.” The terms of the Notes include those set forth in the indenture and those made a part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

The following description of certain provisions of the Notes and of the indenture is a summary and is subject to, and qualified in its entirety by reference to, the accompanying prospectus and the indenture. Not all the defined terms used in this prospectus supplement are defined here, and you should refer to the accompanying prospectus or indenture for the definitions of such terms. References, in this section only, to “we,” “our” and “us” refer to Republic Services, Inc., exclusive of our subsidiaries.

- accrue interest at the rate of 5.700% per year;
- be initially limited to \$600,000,000 aggregate principal amount;
- be issued in denominations of \$2,000 and integral multiples of \$1,000; and
- mature on May 15, 2041.

Interest on the Notes will:

- accrue from the date of issuance or the most recent interest payment date;
- be payable in cash semi-annually in arrears on each May 15 and November 15 commencing on November 15, 2011;
- be payable to the holders of record as of the close of business on May 1 and November 1 immediately preceding the related interest payment dates; and
- be computed on the basis of a 360-day year consisting of twelve 30-day months.

Additional Notes of the same class and series may be issued in one or more tranches from time to time, without notice to or the consent of the existing holders of the Notes. Additional Notes of the same class and series may not be fungible with the 2018 Notes, the 2023 Notes and the 2041 Notes, as applicable, for U.S. federal income tax purposes.

The Notes will be our unsecured unsubordinated obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness from time to time outstanding. The Notes will be senior to any of our subordinated indebtedness from time to time outstanding and will rank junior to our secured indebtedness from time

to time outstanding to the extent of the value of the assets securing such indebtedness. The Notes will also be effectively junior in right of payment to all existing and future liabilities, including trade payables, of those of our domestic subsidiaries that do not guarantee the Notes and of any of our foreign subsidiaries, which will not guarantee the Notes.

Guarantees

The Notes initially will be guaranteed, jointly and severally, by all of our subsidiaries that guarantee our revolving credit facilities. Each guarantee will be a senior obligation of the guarantor, will rank equally with all unsecured and unsubordinated indebtedness of the guarantor from time to time outstanding, will rank senior to any subordinated indebtedness of the guarantor from time to time outstanding and will rank junior to any secured indebtedness of a guarantor from time to time outstanding to the extent of the value of the assets securing such indebtedness.

In accordance with the terms of the indenture, each guarantee of a guarantor will be released in the following circumstances:

- concurrently with the satisfaction and discharge of the indenture in accordance with the terms of the indenture;
- concurrently with the defeasance or covenant defeasance of the Notes in accordance with the terms of the indenture;
- upon the consummation of any transaction (whether involving a sale or other disposition of securities, a merger or otherwise) whereby the guarantor ceases to be a Subsidiary of ours; or
- upon the termination of such guarantor's obligations under its guarantees provided with respect to our revolving credit facilities, or upon the release of such guarantor from its obligations under our revolving credit facilities.

Optional Redemption

The 2018 Notes, at any time prior to the date that is three months prior to their maturity date, the 2023 Notes and, at any time prior to the date that is six months prior to their maturity date, the 2041 Notes, will be redeemable, as a whole or in part, at our option, at any time or from time to time, at a redemption price equal to the greater of:

(1) 100% of the principal amount of the Notes to be redeemed, and

(2) the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed, discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable Treasury Rate, plus 20 basis points in the case of the 2018 Notes, 25 basis points in the case of the 2023 Notes and 25 basis points in the case of the 2041 Notes.

In the case of each of clauses (1) and (2), accrued and unpaid interest will be payable to the redemption date.

On or after the date that is three months prior to their maturity date, the 2023 Notes and, on or after the date that is six months prior to their maturity date, the 2041 Notes will be redeemable, as a whole or in part, at our option, at any time or from time to time, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus accrued and unpaid interest thereon to the date of redemption.

Holders of Notes to be redeemed will receive notice thereof by first-class mail at least 30 and not more than 60 days before the date fixed for redemption. If fewer than all of the Notes are to be redeemed, the trustee will select, at least 30 and not more than 60 days prior to the redemption date, the particular Notes or portions thereof for redemption from the outstanding Notes not previously called by such method as the trustee deems fair and appropriate.

On and after the redemption date, interest will cease to accrue on the Notes or any portion of the Notes called for redemption unless we default in the payment of the redemption price and accrued interest. On or before the redemption date, we will deposit with a paying agent (or the trustee) money sufficient to pay the redemption price of and accrued interest on the Notes to be redeemed on that date.

“*Comparable Treasury Issue*” means the U.S. Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term (“Remaining Life”) of the Notes to be redeemed that

would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such Notes.

“*Comparable Treasury Price*” means, with respect to any redemption date, (1) the average of five Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such quotations.

“*Independent Investment Banker*” means any of Barclays Capital Inc., J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and RBS Securities Inc. and their respective successors, or if all of such firms are unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by us.

“*Reference Treasury Dealer*” means (1) each of Barclays Capital Inc., J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and RBS Securities Inc. and their respective successors, provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer (a “Primary Treasury Dealer”), we will substitute for such bank another Primary Treasury Dealer and (2) any other Primary Treasury Dealer selected by the Independent Investment Banker after consultation with us.

“*Reference Treasury Dealer Quotations*” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

“*Treasury Rate*” means, with respect to any redemption date, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15(519)” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded U.S. Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the Remaining Life, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date. The Treasury Rate will be calculated on the third business day preceding the redemption date.

Change of Control Triggering Event

If we experience specific kinds of changes of control, each holder of the Notes will have the right to require us to purchase all or a portion of such holder’s Notes, at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest. A description of the terms of such a required purchase is set forth in the accompanying prospectus under the heading “Description of Debt Securities — Change of Control Triggering Event.”

Defeasance and Covenant Defeasance

The provisions regarding defeasance and covenant defeasance in the accompanying prospectus will apply to each series of Notes.

Global Securities

The Notes will be represented by one or more global securities that will be deposited with, or on behalf of, The Depository Trust Company, or DTC, the depository for the Notes, and registered in the name of Cede & Co., the nominee of DTC. So long as the Notes are represented by a global security or securities, the interest payable on the Notes will be paid to Cede & Co., the nominee of DTC, or its registered assigns, as the registered owner of the Notes, by wire transfer in immediately available funds on each interest payment date. If the Notes are no longer represented by a global security or securities, payment of interest on the Notes may, at our option, be made by check mailed to

the address of the person entitled thereto. A description of DTC's procedures is set forth in the accompanying prospectus under the heading "Description of Debt Securities — Book-Entry System."

Indirect access to DTC's system is also available to other entities such as Clearstream Luxembourg, a société anonyme ("Clearstream Luxembourg") the Euroclear System ("Euroclear"), banks, brokers, dealers and trust companies (collectively, the "indirect participants") that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Investors who are not participants may beneficially own securities held by or on behalf of DTC only through participants or indirect participants.

Clearstream Luxembourg is incorporated under the laws of Luxembourg as a professional depository. Clearstream Luxembourg holds securities for its participating organizations ("Clearstream Luxembourg Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Luxembourg Participants through electronic book-entry changes in accounts of Clearstream Luxembourg Participants, thereby eliminating the need for physical movement of certificates. Clearstream Luxembourg provides Clearstream Luxembourg Participants with, among other things, services for safekeeping, administration, clearance and establishment of internationally traded securities and securities lending and borrowing. Clearstream Luxembourg interfaces with domestic markets in several countries. As a professional depository, Clearstream Luxembourg is subject to regulation by the Luxembourg Monetary Institute. Clearstream Luxembourg Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, and may include the underwriters. Indirect access to Clearstream Luxembourg is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Luxembourg Participant either directly or indirectly.

Distributions with respect to Notes held beneficially through Clearstream Luxembourg will be credited to cash accounts of Clearstream Luxembourg Participants in accordance with its rules and procedures to the extent received by the U.S. depository for Clearstream Luxembourg.

Euroclear was created in 1968 to hold securities for participants of Euroclear ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the "Euroclear Operator"), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the "Cooperative"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is regulated and examined by the Belgian Banking Commission. Distributions of principal and interest with respect to Notes held through Euroclear or Clearstream Luxembourg will be credited to the cash accounts of Euroclear or Clearstream Luxembourg participants in accordance with the relevant system's rules and procedures, to the extent received by such system's depository.

Links have been established among DTC, Clearstream Luxembourg and Euroclear to facilitate the initial issuance of the Notes and cross-market transfers of the Notes associated with secondary market trading. DTC will be linked indirectly to Clearstream Luxembourg and Euroclear through the DTC accounts of their respective U.S. depositories.

The information in this section concerning the operations and procedures of DTC, Clearstream Luxembourg and Euroclear has been obtained from sources that Republic believes to be reliable, but neither Republic nor the underwriters take responsibility for their accuracy. These operations and procedures are solely within the control of DTC, Euroclear and Clearstream Luxembourg, as applicable, and are subject to change by them from time to time. None of Republic, the underwriters or the trustee takes any responsibility for these operations and procedures, and you are urged to contact DTC, Euroclear, Clearstream Luxembourg or their respective participants to discuss these matters.

MATERIAL UNITED STATES FEDERAL TAX CONSIDERATIONS

General

The following is a summary of certain material U.S. federal income tax consequences and, in the case of a non-U.S. Holder (as defined below), certain material U.S. federal estate tax consequences, of the purchase, ownership and disposition of a Note. This summary applies to you only if you are a beneficial owner of a Note and you acquire the Note in this offering for a price equal to the issue price of the Notes. The issue price of the Notes is the first price at which a substantial amount of the Notes is sold other than to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers. For purposes of this discussion, a “U.S. Holder” means a beneficial owner of a Note that, for U.S. federal income tax purposes, is either:

- a citizen or resident alien individual of the United States;
- a corporation (including for this purpose any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or any State thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust (i) that is subject to the primary supervision of a court within the United States and under the control of one or more “United States persons” (as defined for U.S. federal income tax purposes), or (ii) that has a valid election in effect under applicable U.S. Treasury regulations to be treated as a “United States person.”

A non-U.S. Holder means a beneficial owner of a Note that, for U.S. federal income tax purposes, is an individual, corporation (including for this purpose any other entity treated as a corporation for U.S. federal income tax purposes), trust or estate that is not a U.S. Holder.

This summary is based on provisions of the Internal Revenue Code of 1986, as amended (the “Code”), Treasury regulations issued thereunder, and administrative and judicial interpretations thereof, all as of the date of this prospectus and all of which are subject to change or differing interpretation (perhaps retroactively), and is for general information only. This summary addresses only beneficial owners of the Notes that hold the Notes as capital assets within the meaning of Section 1221 of the Code and does not address the U.S. federal income tax consequences to a holder whose 9.25% debentures maturing in 2021 or 7.40% debentures maturing in 2035 are purchased by us. This discussion also does not represent a detailed description of the U.S. federal income and estate tax consequences to prospective purchasers of the Notes in light of their particular circumstances. In addition, it does not represent a detailed description of the U.S. federal income and estate tax consequences applicable to prospective purchasers of the Notes that are subject to special treatment under the U.S. federal tax laws, such as taxpayers subject to the alternative minimum tax, U.S. expatriates or former long-term U.S. residents, banks or other financial institutions, regulated investment companies, real estate investment trusts, partnerships or other pass-through entities, or investors in such entities, individual retirement and other tax deferred accounts, brokers/dealers, dealers and traders in securities or currencies, insurance companies, tax-exempt organizations, persons holding Notes as part of a conversion, constructive sale, wash sale or other integrated transaction or a hedge, straddle or synthetic security, any non-U.S. Holder that is classified as a “controlled foreign corporation” or “passive foreign investment company for U.S. federal income tax purposes, and U.S. Holders whose functional currency is other than the U.S. dollar. We cannot assure you that a change in law will not alter significantly the tax considerations that we describe in this summary.

If a U.S. or non-U.S. partnership (including for this purpose an entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds the Notes, the tax treatment of a partner generally will depend upon the status of the partner, the activities of the partnership and certain determinations made at the partner level. Non-U.S. partnerships also generally are subject to special tax documentation requirements.

You should consult your own tax advisor concerning the particular U.S. federal income tax and other U.S. federal tax (such as estate and gift) consequences to you resulting from your ownership and disposition of the Notes, as well as the consequences to you arising under the laws of any other taxing jurisdiction.

Contingent Payments

In certain circumstances, we may be obligated to pay you amounts in excess of the principal payable on the Notes. The obligation to make such redemption premiums payable in certain circumstances, may implicate the

provisions of Treasury regulations relating to “contingent payment debt instruments.” If the Notes were deemed to be contingent payment debt instruments, you might, among other things, be required to treat any gain recognized on the sale or other disposition of a Note as ordinary income rather than as capital gain, and the timing and amount of income inclusion may be different from the consequences discussed herein. We intend to take the position that the likelihood that such payments will be made is remote or incidental and therefore the Notes are not subject to the rules governing contingent payment debt instruments. This determination will be binding on you unless you explicitly disclose on a statement attached to your timely filed U.S. federal income tax return for the taxable year that includes the acquisition date of the Note that your determination is different. It is possible, however, that the Internal Revenue Service (the “IRS”) may take a contrary position from that described above, in which case the tax consequences to you could differ materially and adversely from those described below. The remainder of this disclosure assumes that the Notes will not be treated as contingent payment debt instruments.

U.S. Holders

Interest. A U.S. Holder will have ordinary interest income equal to the amount of interest paid or accrued on a Note, includable in accordance with the holder’s regular method of tax accounting for U.S. federal income tax purposes.

Dispositions. A sale, exchange, redemption or other taxable disposition of a Note will result in capital gain or loss equal to the difference, if any, between the amount realized on the disposition (excluding amounts attributable to accrued and unpaid interest, which, as described above, will be taxed as ordinary income to the extent not previously included in gross income by the U.S. Holder) and the U.S. Holder’s tax basis in the Note. A U.S. Holder’s tax basis for determining gain or loss on the disposition of a Note generally will equal the purchase price of such Note to such holder. Such gain or loss will be long-term capital gain or loss if the Note is held for more than one year as of the time of the disposition. The deductibility of capital losses is subject to limitations.

Net Investment Income. Recently enacted legislation generally imposes a tax of 3.8% on the “net investment income” of certain individuals, trusts and estates for taxable years beginning after December 31, 2012. Among other items, net investment income generally includes gross income from interest, including interest on the Notes, and net gain attributable to the disposition of certain property, including any gain from disposition of the Notes, less certain deductions. U.S. Holders should consult their own tax advisors regarding the possible implications of this legislation in their particular circumstances.

Non-U.S. Holders

Interest. The United States generally imposes a 30% withholding tax on payments of interest to non-U.S. persons. The 30% (or lower applicable treaty rate) U.S. federal withholding tax will not apply to a non-U.S. Holder in respect of any payment of interest on the Notes that is not effectively connected with the conduct of a U.S. trade or business provided that such holder:

- does not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and the Treasury regulations;
- is not a controlled foreign corporation that is related to us actually or constructively through sufficient stock ownership;
- is not a bank whose receipt of interest on the Notes is described in Section 881(c)(3)(A) of the Code; and
- (a) provides identifying information (i.e., name and address) to us or our paying agent on IRS Form W-8BEN (or other applicable form), and certifies, under penalty of perjury, that such holder is not a U.S. person or (b) a financial institution holding the Notes on behalf of such holder certifies, under penalty of perjury, that it has received the applicable IRS Form W-8BEN (or other applicable form) from the beneficial owner and provides us with a copy.

If a non-U.S. Holder cannot satisfy the requirements described above, payments of interest made to such holder will be subject to the 30% U.S. federal withholding tax, unless such holder provides the applicable withholding agent with a properly executed (i) IRS Form W-8BEN (or successor form) claiming an exemption from or reduction in withholding under the benefit of an income tax treaty or (ii) IRS Form W-8ECI (or successor form) stating that interest paid on the Note is not subject to withholding tax because it is effectively connected with such holder’s conduct of a trade or business in the United States.

If a non-U.S. Holder is engaged in a trade or business in the United States and interest on the Notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a permanent establishment in the United States maintained by such holder), such holder, although exempt from the 30% withholding tax, generally will be subject to U.S. federal income tax on that interest on a net income basis in the same manner as if such holder were a “United States person” as defined under the Code. In addition, if a non-U.S. Holder is a non-U.S. corporation, it may be subject to a branch profits tax equal to 30% (or lower applicable treaty rate) of its earnings and profits for the taxable year, subject to adjustments, that are effectively connected with the conduct by it of a trade or business in the United States. For this purpose, effectively connected interest on Notes will be included in earnings and profits.

Dispositions. Any gain realized on the disposition of a Note by a non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax unless (i) that gain is effectively connected with the non-U.S. Holder’s conduct of a trade or business in the United States (and, if required by an income tax treaty, is attributable to a U.S. permanent establishment maintained by such non-U.S. Holder), (ii) such holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition and certain other conditions are met, or (iii) in the case of disposition proceeds representing accrued interest, the non-U.S. Holder cannot satisfy the requirements of the complete exemption from withholding tax described above (and the non-U.S. Holder’s U.S. federal income tax liability has not otherwise been fully satisfied through the U.S. federal withholding tax described above).

If a non-U.S. Holder’s gain is effectively connected with such holder’s U.S. trade or business (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment maintained by such holder), such holder generally will be required to pay U.S. federal income tax on the net gain derived from the sale in the same manner as if it were a “United States person” as defined under the Code. If such a non-U.S. Holder is a corporation, such holder may also, under certain circumstances, be subject to a branch profits tax at a 30% rate (or lower applicable treaty rate). If a non-U.S. Holder is subject to the 183-day rule described above, such holder generally will be subject to U.S. federal income tax at a flat rate of 30% (or a reduced rate under an applicable treaty) on the amount by which capital gains allocable to U.S. sources (including gains from the sale, exchange, retirement or other disposition of the Note) exceed capital losses allocable to U.S. sources, even though the non-U.S. Holder is not considered a resident alien under the Code.

United States Federal Estate Tax. If a holder of Notes is an individual and is not a United States citizen or a resident of the United States (as specially defined for U.S. federal estate tax purposes) at the time of such holder’s death, the Notes of such holder generally will not be subject to the U.S. federal estate tax, unless, at the time of such holder’s death:

- the holder directly or indirectly, actually or constructively, owns 10% or more of the total combined voting power of all classes of our stock entitled to vote within the meaning of Section 871(h)(3) of the Code and the Treasury regulations thereunder; or
- the holder’s interest on the Notes is effectively connected with such holder’s conduct of a U.S. trade or business.

Information Reporting and Backup Withholding

In general, information reporting requirements apply to interest paid to, and to the proceeds of a sale or other disposition of a Note (including a redemption) by, certain U.S. Holders. In addition, backup withholding applies to a U.S. Holder unless such holder provides a correct taxpayer identification number and otherwise complies with applicable requirements of the backup withholding rules. Backup withholding generally does not apply to payments made to certain exempt U.S. persons.

In general, a non-U.S. Holder will not be subject to backup withholding and information reporting with respect to interest payments made to such holder, provided that the applicable withholding agent has received from such holder the certification described above under “— Non-U.S. Holders — Interest” and the applicable withholding agent does not have actual knowledge or reason to know that such holder is a “United States person.” However, the applicable withholding agent may be required to report to the IRS and the non-U.S. Holder payments of interest on the Notes and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which the non-U.S. Holder resides under the provisions of a treaty or agreement.

[Table of Contents](#)

Payments of the proceeds of a sale or other disposition (including a redemption) of the Notes made to or through a non-U.S. office of non-U.S. financial intermediaries that do not have certain enumerated connections with the United States generally will not be subject to information reporting or backup withholding. In addition, a non-U.S. Holder will not be subject to backup withholding or information reporting with respect to the proceeds of the sale or other disposition of a Note within the United States or conducted through non-U.S. financial intermediaries with certain enumerated connections with the United States, if the payor receives the certification described above under “— Non-U.S. Holders — Interest” or such holder otherwise establishes an exemption, provided that the payor does not have actual knowledge or reason to know that the non-U.S. Holder is a “United States person” or the conditions of any other exemption are not, in fact, satisfied.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or credit against a holder’s U.S. federal income tax liability provided the required information is furnished by such holder to the IRS in a timely manner.

UNDERWRITING

Merrill Lynch, Pierce, Fenner & Smith Incorporated, Barclays Capital Inc., J.P. Morgan Securities LLC and RBS Securities Inc. are acting as representatives of each of the underwriters named below. Subject to the terms and conditions of a firm commitment underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase the principal amount of Notes indicated in the following table.

Underwriters	Principal Amount of 2018 Notes	Principal Amount of 2023 Notes	Principal Amount of 2041 Notes

Total	\$ 700,000,000	\$ 550,000,000	\$ 600,000,000

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the Notes being offered, if any are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased, or the underwriting agreement may be terminated.

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any Notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.375% of the principal amount of the 2018 Notes, up to 0.400% of the principal amount of the 2023 Notes and up to 0.500% of the principal amount of the 2041 Notes. Any such securities dealers may resell any Notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.200% of the principal amount of the 2018 Notes, up to 0.250% of the principal amount of the 2023 Notes and up to 0.250% of the principal amount of the 2041 Notes.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. If all the Notes are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. The offering of the Notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The Notes of each series are a new issue of securities with no established trading market. We have been advised by the underwriters that the underwriters intend to make a market in the Notes but are not obligated to do so and may

discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the Notes.

In connection with the offering, the underwriters may purchase and sell Notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of Notes than the underwriters are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the other underwriters have repurchased Notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases made by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the Notes. As a result, the price of the Notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

In relation to each member state of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), including each Relevant Member State that has implemented the 2010 PD Amending Directive with regard to persons to whom an offer of securities is addressed and the denomination per unit of the offer of securities (each, an “Early Implementing Member State”), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”), no offer of securities will be made to the public in that Relevant Member State (other than offers (the “Permitted Public Offers”) where a prospectus will be published in relation to the securities that has been approved by the competent authority in a Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive), except that with effect from and including that Relevant Implementation Date, offers of securities may be made to the public in that Relevant Member State at any time:

A. to “qualified investors” as defined in the Prospectus Directive, including:

(a) (in the case of Relevant Member States other than Early Implementing Member States), legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities, or any legal entity which has two or more of (i) an average of at least 250 employees during the last financial year; (ii) a total balance sheet of more than €43.0 million and (iii) an annual turnover of more than €50.0 million as shown in its last annual or consolidated accounts; or

(b) (in the case of Early Implementing Member States), persons or entities that are described in points (1) to (4) of Section I of Annex II to Directive 2004/39/EC, and those who are treated on request as professional clients in accordance with Annex II to Directive 2004/39/EC, or recognized as eligible counterparties in accordance with Article 24 of Directive 2004/39/EC unless they have requested that they be treated as non-professional clients; or

B. to fewer than 100 (or, in the case of Early Implementing Member States, 150) natural or legal persons (other than “qualified investors” as defined in the Prospectus Directive), as permitted in the Prospectus Directive, subject to obtaining the prior consent of the representatives for any such offer; or

C. in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of securities shall result in a requirement for the publication of a prospectus pursuant to Article 3 of the Prospectus Directive or of a supplement to a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person in a Relevant Member State (other than a Relevant Member State where there is a Permitted Public Offer) who initially acquires any securities or to whom any offer is made will be deemed to have represented, acknowledged and agreed that (A) it is a “qualified investor”, and (B) in the case of any securities acquired by it as a financial intermediary, as that term is used in Article 3(2) of the Prospectus Directive, (x) the securities acquired by it in the offering have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any Relevant Member State other than “qualified investors” as defined in the Prospectus Directive, or

in circumstances in which the prior consent of the representatives has been given to the offer or resale, or (y) where securities have been acquired by it on behalf of persons in any Relevant Member State other than “qualified investors” as defined in the Prospectus Directive, the offer of those securities to it is not treated under the Prospectus Directive as having been made to such persons.

For the purpose of the above provisions, the expression “an offer to the public” in relation to any securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer of any securities to be offered so as to enable an investor to decide to purchase any securities, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression “Prospectus Directive” means Directive 2003/71 EC (including the 2010 PD Amending Directive, in the case of Early Implementing Member States) and includes any relevant implementing measure in each Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

Each underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the “FSMA”)) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to us; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

The Notes may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the Notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the “Financial Instruments and Exchange Law”) and each underwriter has agreed that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

This prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes may not be circulated or distributed, nor may the Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the “SFA”), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Notes are subscribed or purchased under Section 275 by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries’ rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the Notes

under Section 275 except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) by operation of law.

We expect to deliver the Notes offered hereby against payment for the Notes on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the fifth business day following the date of the pricing of the Notes. Under Rule 15c6-1 of the Commission under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes on the date of pricing or the following business day will be required, by virtue of the fact that the Notes initially will settle in T+5 business days, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$3 million.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have engaged in, and may in the future engage in, commercial banking, derivatives and/or financial advising, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. In addition, affiliates of certain of the initial purchasers are lenders under our credit facilities. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of Republic. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. Certain of the underwriters are serving as dealer managers of the tender offers to purchase certain series of our subsidiary Browning-Ferris Industries, LLC's debentures maturing in 2021 and 2035.

Banca IMI S.p.A. is not a U.S. registered broker-dealer and will not effect any offers or sales of any notes in the United States unless it is through one or more U.S. registered broker-dealers as permitted by the regulations of the Financial Industry Regulatory Authority, Inc.

LEGAL MATTERS

The validity of the Notes being offered hereby will be passed upon for Republic by Mayer Brown LLP, Chicago, Illinois. Certain legal matters will be passed upon for the underwriters by Fried, Frank, Harris, Shriver & Jacobson LLP, New York, New York.

Subscription Rights

We may use this prospectus from time to time to offer debt securities, shares of our common stock, shares of our preferred stock, warrants to purchase our debt securities, common stock or preferred stock, stock purchase contracts, stock purchase units and subscription rights. This prospectus also covers guarantees, if any, of our payment obligations under any debt securities, which may be given by substantially all of our subsidiaries, on terms to be determined at the time of the offering. We refer to our debt securities, common stock, preferred stock, warrants, stock purchase contracts, stock purchase units and subscription rights collectively as the “securities.” Any or all of the securities may be offered and sold separately or together. The debt securities and preferred stock may be convertible into or exchangeable or exercisable for other securities. We will provide specific terms of these securities, and the manner in which these securities will be offered, in supplements to this prospectus. The prospectus supplements may also add, update or change information contained in this prospectus. You should carefully read this prospectus and any supplement before you invest.

Our common stock is listed on the New York Stock Exchange under the symbol “RSG.”

Investing in securities involves risks. You should carefully read this prospectus and the applicable prospectus supplement, including the section entitled “Risk Factors” beginning on page 1 of this prospectus, the section entitled “Risk Factors” in the applicable prospectus supplement and risk factors in our periodic reports and other information filed with the Securities and Exchange Commission before investing in our securities.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful and complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is May 3, 2010.

ABOUT THIS PROSPECTUS

This prospectus is part of an “automatic shelf” registration statement that we filed with the Securities and Exchange Commission (the “Commission” or the “SEC”), as a “well-known seasoned issuer” as defined in Rule 405 under the Securities Act of 1933, as amended (the “Securities Act”). Under this shelf registration process, we may sell, from time to time, an indeterminate amount of any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer, which is not meant to be a complete description of any security. Each time that securities are sold, a prospectus supplement containing specific information about the terms of that offering will be provided, including the specific amounts, prices and terms of the securities offered. The prospectus supplement and any other offering material may also add to, update or change information contained in this prospectus or in documents we have incorporated by reference into this prospectus. We urge you to read both this prospectus and any prospectus supplement and any other offering material (including any free writing prospectus) prepared by or on behalf of us for a specific offering of securities, together with additional information described under the heading “Documents Incorporated by Reference into this Prospectus” on page iii of this prospectus and under the heading “Where You Can Find More Information” on page 23 of this prospectus. You should rely only on the information contained or incorporated by reference in this prospectus and any prospectus supplement. We have not authorized anyone to provide you with different information. We are not making an offer to sell or soliciting an offer to purchase these securities in any jurisdiction where the offer or sale is not permitted.

You should not assume that the information contained in this prospectus or any prospectus supplement is accurate on any date other than the date on the front cover of such document or that any information we have incorporated by reference is correct on any date subsequent to the date of the document incorporated by reference, even though this prospectus or any prospectus supplement is delivered or securities are sold on a later date. Neither the delivery of this prospectus or any applicable prospectus supplement nor any distribution of securities pursuant to such documents shall, under any circumstances, create any implication that there has been no change in the information set forth in this prospectus or any applicable prospectus supplement or in our affairs since the date of this prospectus or any applicable prospectus supplement.

As used in this prospectus the terms the “Company,” “Republic,” “we,” “us,” and “our” may, depending upon the context, refer to Republic Services, Inc., our consolidated subsidiaries, or to all of them taken as a whole.

DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, any prospectus supplement and the documents incorporated by reference herein and therein contain certain forward-looking information about us that is intended to be covered by the safe harbor for “forward-looking statements” provided by the Private Securities Litigation Reform Act of 1995. Forward-looking statements are statements that are not historical facts. Words such as “guidance,” “expect,” “will,” “may,” “anticipate,” “could” and similar expressions are intended to identify forward-looking statements. These statements include statements about the expected benefits of our merger with Allied Waste Industries, Inc. (“Allied”), our plans, strategies and prospects. Forward-looking statements are not guarantees of performance. These statements are based upon the current beliefs and expectations of our management and are subject to risk and uncertainties that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we can give no assurance that the expectations will prove to be correct. Among the factors that could cause actual results to differ materially from the expectations expressed in the forward-looking statements are:

- the impact on us of our substantial post-merger indebtedness, including our ability to obtain financing on acceptable terms to finance our operations and growth strategy and to operate within the limitations imposed by financing arrangements and the fact that any downgrade in our bond ratings could adversely impact us;
- general economic and market conditions including, but not limited to, the current global economic and financial market crisis, inflation and changes in commodity pricing, fuel, labor, risk and health insurance and other variable costs that are generally not within our control, and our exposure to credit and counterparty risk;
- whether our estimates and assumptions concerning our selected balance sheet accounts, income tax accounts, final capping, closure, post-closure and remediation costs, available airspace, and projected costs and expenses related to our landfills and property and equipment (including our estimates of the fair values of the assets and liabilities acquired in our acquisition of Allied), and labor, fuel rates and economic and inflationary trends, turn out to be correct or appropriate;
- competition and demand for services in the solid waste industry;
- the fact that price increases or changes in commodity prices may not be adequate to offset the impact of increased costs, including but not limited to labor, third-party disposal and fuel, and may cause us to lose volume;
- our ability to manage growth and execute our growth strategy;
- our compliance with, and future changes in, environmental and flow control regulations and our ability to obtain approvals from regulatory agencies in connection with operating and expanding our landfills;
- our ability to retain our investment grade ratings for our debt;
- our dependence on key personnel;
- our dependence on large, long-term collection, transfer and disposal contracts;
- the fact that our business is capital intensive and may consume cash in excess of cash flow from operations;
- that any exposure to environmental liabilities, to the extent not adequately covered by insurance, could result in substantial expenses;
- risks associated with undisclosed liabilities of acquired businesses;
- risks associated with pending and any future legal proceedings, including our matters currently pending with the Department of Justice and Internal Revenue Service;

Table of Contents

- severe weather conditions, which could impair our financial results by causing increased costs, loss of revenue, reduced operational efficiency or disruptions to our operations;
- compliance with existing and future legal and regulatory requirements, including limitations or bans on disposal of certain types of wastes or on the transportation of waste, which could limit our ability to conduct or grow our business, increase our costs to operate or require additional capital expenditures;
- any litigation, audits or investigations brought by or before any governmental body;
- workforce factors, including potential increases in our costs if we are required to provide additional funding to any multi-employer pension plan to which we contribute and the negative impact on our operations of union organizing campaigns, work stoppages or labor shortages;
- the negative effect that trends toward requiring recycling, waste reduction at the source and prohibiting the disposal of certain types of wastes could have on volumes of waste going to landfills;
- changes by the Financial Accounting Standards Board or other accounting regulatory bodies to generally accepted accounting principles or policies;
- acts of war, riots or terrorism, including the events taking place in the Middle East and the continuing war on terrorism, as well as actions taken or to be taken by the United States or other governments as a result of further acts or threats of terrorism, and the impact of these acts on economic, financial and social conditions in the United States; and
- the timing and occurrence (or non-occurrence) of transactions and events which may be subject to circumstances beyond our control.

The risks included here are not exhaustive. Refer to “Risk Factors” for further discussion regarding our exposure to risks. You should be aware that any forward-looking statement made by us in this prospectus, any prospectus supplement or the documents incorporated herein or therein by reference or elsewhere, speaks only as of the date on which we make it. New risks and uncertainties come up from time to time, and it is impossible for us to predict these events or how they may affect us. In light of these risks and uncertainties, you should keep in mind that any scenarios or results contained in any forward-looking statement made in this prospectus, any prospectus supplement or the documents incorporated herein or therein by reference or elsewhere might not occur. Readers are cautioned not to place undue reliance on these forward-looking statements. Except to the extent required by applicable law or regulation, we undertake no obligation to update or publish revised forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

DOCUMENTS INCORPORATED BY REFERENCE INTO THIS PROSPECTUS

We file annual, quarterly and special reports and other information with the SEC. See “Where You Can Find More Information.” The following documents are incorporated into this prospectus by reference:

- Republic’s Annual Report on Form 10-K for the year ended December 31, 2009;
- Republic’s Current Reports on Form 8-K, dated January 4, 2010, January 6, 2010, February 12, 2010, March 1, 2010 (relating to Item 8.01 which is filed with the SEC), March 1, 2010 (relating to Item 2.03 which is filed with the SEC) and March 4, 2010;

Table of Contents

- The description of Republic's common stock, \$0.01 par value, contained in Republic's Registration Statement on Form 8-A originally filed with the Commission on June 30, 1998, including all amendments or reports filed for the purpose of updating the description included therein; and
- All documents filed by us under Section 13(a), 13(c), 14 or 15(d) of the U.S. Securities Exchange Act of 1934 (the "Exchange Act") after the date of the filing of the registration statement of which this prospectus is a part until the offering is terminated (other than Current Reports on Form 8-K or portions thereof furnished under Item 2.02 or 7.01 of Form 8-K and portions of other documents which under applicable securities laws are deemed furnished and not filed with the Commission).

Any statement made in this prospectus, a prospectus supplement or a document incorporated by reference in this prospectus or a prospectus supplement will be deemed to be modified or superseded for purposes of this prospectus and any applicable prospectus supplement to the extent that a statement contained in an amendment or subsequent amendment to this prospectus or an applicable prospectus supplement, in any subsequent applicable prospectus supplement or in any other subsequently filed document incorporated by reference herein or therein adds, updates or changes that statement. Any statement so affected will not be deemed, except as so affected, to constitute a part of this prospectus or any applicable prospectus supplement.

You may obtain a copy of these filings, including exhibits (but not including exhibits that are specifically incorporated by reference), free of charge, by oral or written request directed to: Republic Services, Inc., 18500 North Allied Way, Phoenix, AZ 85054, Attention: Investor Relations, Phone: (480) 627-2700.

Information on Republic's website is not part of this prospectus, and you should not rely on that information in making your investment decision unless that information is also in this prospectus or has been expressly incorporated by reference into this prospectus.

THE COMPANY

We are the second largest provider of services in the domestic non-hazardous solid waste industry as measured by revenue. As of December 31, 2009, we provide non-hazardous solid waste collection services for commercial, industrial, municipal and residential customers through 367 collection companies in 40 states and Puerto Rico, and we also own or operate 217 transfer stations, 190 active solid waste landfills and 77 recycling facilities. We also operate 75 landfill gas and renewable energy projects. We completed our merger with Allied Waste Industries, Inc. in December 2008. We believe that this merger created a strong operating platform that will allow us to continue to provide quality service to our customers and superior returns to our stockholders.

We were incorporated as a Delaware corporation in 1996. Our principal and administrative offices are located at 18500 North Allied Way, Phoenix, Arizona 85054. Our telephone number at that location is (480) 627-2700. Our web site is located at <http://www.republicservices.com>. The information on our website is not part of this prospectus.

RATIOS OF EARNINGS TO FIXED CHARGES

The following table shows our ratio of earnings to fixed charges for the three months ended March 31, 2010 and for each of the years ended December 31, 2009, 2008, 2007, 2006 and 2005. It should be noted that on December 5, 2008 we acquired all the issued and outstanding shares of Allied in a stock-for-stock transaction for an aggregate purchase price of \$12.1 billion, which included approximately \$5.4 billion of debt, at fair value. For the purpose of computing these ratios, the numerator, earnings, consists of income from continuing operations before provision for income taxes plus interest expense and an estimate of interest within rent expense divided by the denominator, fixed charges, which consists of interest expense including amounts capitalized and an estimate of interest within rent expense.

	Three Months Ended March 31,	Year Ended December 31,				
	2010	2009	2008	2007	2006	2005
Ratio of earnings to fixed charges	1.83	2.39	2.14	5.63	5.35	5.72

RISK FACTORS

An investment in our securities involves a high degree of risk. Prior to making a decision about investing in our securities, you should carefully consider the risks and uncertainties described under "Risk Factors" in the applicable prospectus supplement and in our most recent annual report on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K, including any amendments to such reports, incorporated by reference in the registration statement of which this prospectus is a part, together with all other information contained and incorporated by reference in this prospectus and the applicable prospectus supplement. The risks and uncertainties described herein and therein are not the only ones facing us. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also occur. The occurrence of any of those risks and uncertainties may materially adversely affect our financial condition, results of operations, cash flows or business. In that case, the price or value of our securities could decline and you could lose all or part of your investment. For more information, see "Documents Incorporated by Reference into this Prospectus" on page iii of this prospectus and "Where You Can Find More Information" on page 23 of this prospectus.

USE OF PROCEEDS

Unless otherwise described in the applicable prospectus supplement, the net proceeds from the sale of the offered securities will be used for general corporate purposes.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the debt securities, capital stock, warrants, stock purchase contracts, stock purchase units and subscription rights that we may offer and sell from time to time. These summary descriptions are not meant to be complete descriptions of any security. At the time of an offering and sale, this prospectus together with the accompanying prospectus supplement will contain the material terms of the securities being offered.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms that will apply to any debt securities that we may offer in the future, to which a future prospectus supplement may relate. At the time that we offer debt securities, we will describe in the prospectus supplement that relates to that offering (1) the specific terms of the debt securities and (2) the extent to which the general terms described in this section apply to those debt securities.

The debt securities are to be issued under the indenture, dated as of September 8, 2009, between Republic and The Bank of New York Mellon Trust Company, N.A., as trustee, or the indenture, dated as of November 25, 2009, between Republic and U.S. Bank National Association, as trustee, each of which is included as an exhibit to the registration statement to which this prospectus forms a part. In the discussion that follows, we summarize particular provisions of the indentures. Whenever particular provisions or defined terms in the indentures are referred to in this prospectus, these provisions or defined terms are incorporated by reference in this prospectus. References, in this section only, to “we,” “our” and “us” refer to Republic Services, Inc., exclusive of our subsidiaries. Our discussion of indenture provisions is not complete. You should read the indentures for a more complete understanding of the provisions we describe.

Debt securities offered by this prospectus will be our unsecured unsubordinated obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness from time to time outstanding. The debt securities will be senior to any of our subordinated indebtedness from time to time outstanding and will rank junior to our secured indebtedness from time to time outstanding to the extent of the value of the assets securing such indebtedness. The debt securities will also be effectively junior in right of payment to all existing and future liabilities, including trade payables, of those of our domestic subsidiaries that do not guarantee the debt securities and of any of our foreign subsidiaries, which will not guarantee the debt securities.

General

There is no requirement under either indenture that future issues of our debt securities be issued under that indenture, and we will be free to use other indentures or documentation, containing provisions different from those included in the indentures or applicable to one or more series of debt securities, in connection with future issues of such other debt securities.

The indentures provide that the debt securities will be issued in one or more series. The debt securities may be issued at various times and may have differing maturity dates and may bear interest at differing rates. Without the consent of the holders of the debt securities, we may reopen a previous issue of debt securities under an indenture, unless the reopening is restricted when the series of debt securities is created. The prospectus supplement applicable to each series of debt securities will specify:

- the indenture under which the debt securities are issued;
- the designation and aggregate principal amount of such debt securities;
- the percentage of their principal amount at which such debt securities will be issued;
- the date or dates on which such debt securities will mature;
- the interest rate or rates, or method of calculation of such rate or rates, on such debt securities, and the date from which such interest shall accrue;
- the dates on which such interest will be payable or method by which such dates are to be determined;
- the record dates for payments of interest;
- the period or periods within which, the price or prices at which, and the terms and conditions upon which, such debt securities may be repaid, in whole or in part, at our option;
- the place or places, if any, in addition to or in the place of our office or the office of the trustee, where the principal of (and premium, if any) and interest, if any, on such debt securities shall be payable and where notices to us shall be sent; and
- other specific terms applicable to such debt securities.

Table of Contents

In addition to describing the specific terms of the applicable series of debt securities, the applicable prospectus supplement will contain a summary of certain United States federal income tax consequences applicable to such series of debt securities.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be denominated in United States dollars in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

Guarantees

To the extent provided in the applicable prospectus supplement, the debt securities may be guaranteed, jointly and severally, by all of our subsidiaries that guarantee our revolving credit facilities. Each guarantee will be a senior obligation of the guarantor, will rank equally with all unsecured and unsubordinated indebtedness of the guarantor from time to time outstanding, will rank senior to any subordinated indebtedness of the guarantor from time to time outstanding and will rank junior to any secured indebtedness of a guarantor from time to time outstanding to the extent of the value of the assets securing such indebtedness.

Except as otherwise provided in any applicable prospectus supplement, the guarantee of any guarantor will be released in the following circumstances:

- concurrently with the satisfaction and discharge of the applicable indenture in accordance with the terms of such indenture;
- concurrently with the defeasance or covenant defeasance of the debt securities in accordance with the terms of the applicable indenture;
- upon the consummation of any transaction (whether involving a sale or other disposition of securities, a merger or otherwise) whereby the guarantor ceases to be a Subsidiary of ours; or
- upon the termination of such guarantor's obligations under its guarantees provided with respect to our revolving credit facilities, or upon the release of such guarantor from its obligations under our revolving credit facilities.

Optional Redemption

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be redeemable, as a whole or in part, at our option, at any time or from time to time, at a redemption price equal to the greater of:

(1) 100% of the principal amount of the debt securities to be redeemed, and

(2) the sum of the present values of the remaining scheduled payments of principal and interest on the debt securities to be redeemed discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable Treasury Rate, plus a specified number of basis points, which we will set forth in a prospectus supplement.

In the case of each of clauses (1) and (2), accrued interest will be payable to the redemption date.

Holders of debt securities to be redeemed will receive notice thereof by first-class mail at least 30 and not more than 60 days before the date fixed for redemption. If fewer than all of the debt securities of any series are to be redeemed, the trustee will select, at least 30 and not more than 60 days prior to the redemption date, the particular debt securities or portions thereof for redemption from the outstanding debt securities of such series not previously called by such method as the trustee deems fair and appropriate.

On and after the redemption date, interest will cease to accrue on the debt securities or any portion of the debt securities called for redemption unless we default in the payment of the redemption price and accrued interest. On or before the redemption date, we will deposit with a paying agent (or the trustee) money sufficient to pay the redemption price of and accrued interest on the debt securities to be redeemed on that date.

"*Comparable Treasury Issue*" means the U.S. Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term ("Remaining Life") of the debt securities to be

redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such debt securities.

“*Comparable Treasury Price*” means, with respect to any redemption date, (1) the average of five Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such quotations.

“*Independent Investment Banker*” means any of the firms set forth in the prospectus supplement with respect to any series of debt securities, or, if all of such firms are unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by us.

“*Reference Treasury Dealer*” means (1) any of the firms set forth in the prospectus supplement with respect to any series of debt securities and their respective successors, provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a “Primary Treasury Dealer”), we will substitute for such firm another Primary Treasury Dealer and (2) any other Primary Treasury Dealer selected by the Independent Investment Banker after consultation with us.

“*Reference Treasury Dealer Quotations*” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by any Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to such Independent Investment Banker at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

“*Treasury Rate*” means, with respect to any redemption date, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15(519)” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded U.S. Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the Remaining Life, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date. The Treasury Rate will be calculated on the third business day preceding the redemption date.

Change of Control Triggering Event

Unless otherwise indicated in the applicable prospectus supplement, upon the occurrence of a Change of Control Triggering Event with respect to the debt securities of any series, unless we have exercised our right to redeem the debt securities of that series as described under “— Optional Redemption,” each holder of debt securities of that series will have the right to require us to purchase all or a portion (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of such holder’s debt securities of that series pursuant to the offer described below (the “Change of Control Offer”), at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase (the “Change of Control Payment”), subject to the rights of holders of debt securities of that series on the relevant record date to receive interest due on the relevant interest payment date.

Within 30 days following the date upon which the Change of Control Triggering Event occurred with respect to the debt securities of that series, or at our option, prior to any Change of Control but after the public announcement of the pending Change of Control, we will be required to send, by first class mail, a notice to each holder of debt securities of the applicable series, with a copy to the trustee, which notice will govern the terms of the Change of Control Offer. Such notice will state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date such notice is mailed, other than as may be required by law (the “Change of Control Payment Date”). The notice, if mailed prior to the date of consummation of the Change of Control, will state

that the Change of Control Offer is conditioned on the Change of Control being consummated on or prior to the Change of Control Payment Date.

On the Change of Control Payment Date, we will, to the extent lawful, (1) accept or cause a third party to accept for payment all debt securities or portions of debt securities properly tendered pursuant to the Change of Control Offer; (2) deposit or cause a third party to deposit with the paying agent an amount equal to the Change of Control Payment in respect of all debt securities or portions of debt securities properly tendered; and (3) deliver or cause to be delivered to the trustee the debt securities accepted together with an officers' certificate stating the aggregate principal amount of debt securities or portions of debt securities being repurchased.

We will not be required to make a Change of Control Offer with respect to the debt securities of the applicable series if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by us and such third party purchases all the debt securities properly tendered and not withdrawn under its offer.

We will comply in all material respects with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the debt securities of the applicable series as a result of a Change of Control Triggering Event. To the extent that the provisions of any such securities laws or regulations conflict with the Change of Control Offer provisions of the debt securities, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Offer provisions of the debt securities by virtue of any such conflict.

For purposes of the foregoing discussion of a Change of Control Offer, the following definitions are applicable:

"Change of Control" means the occurrence of any of the following after the date of issuance of the debt securities:

(1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of Republic Services, Inc. and its Subsidiaries taken as a whole to any "person" or "group" (as those terms are used in Section 13(d)(3) of the Exchange Act) other than to Republic Services, Inc. or one of its Subsidiaries;

(2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any "person" or "group" (as those terms are used in Section 13(d)(3) of the Exchange Act, it being agreed that an employee of Republic Services, Inc. or any of its Subsidiaries for whom shares are held under an employee stock ownership, employee retirement, employee savings or similar plan and whose shares are voted in accordance with the instructions of such employee shall not be a member of a "group" (as that term is used in Section 13(d)(3) of the Exchange Act) solely because such employee's shares are held by a trustee under said plan) becomes the "beneficial owner" (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of our Voting Stock representing more than 50% of the voting power of our outstanding Voting Stock;

(3) we consolidate with, or merge with or into, any Person, or any Person consolidates with, or merges with or into, us, in any such event pursuant to a transaction in which any of our outstanding Voting Stock or Voting Stock of such other Person is converted into or exchanged for cash, securities or other property, other than any such transaction where our Voting Stock outstanding immediately prior to such transaction constitutes, or is converted into or exchanged for, Voting Stock representing more than 50% of the voting power of the Voting Stock of the surviving Person immediately after giving effect to such transaction;

(4) during any period of 24 consecutive calendar months, the majority of the members of our board of directors shall no longer be composed of individuals (a) who were members of our board of directors on the first day of such period or (b) whose election or nomination to our board of directors was approved by individuals referred to in clause (a) above constituting, at the time of such election or nomination, at least a majority of our board of directors or, if directors are nominated by a committee of our board of directors, constituting at the time of such nomination, at least a majority of such committee; or

(5) the adoption of a plan relating to our liquidation or dissolution.

Table of Contents

“*Change of Control Triggering Event*” means, with respect to the debt securities of any series, the debt securities of that series cease to be rated Investment Grade by each of the Rating Agencies on any date during the period (the “Trigger Period”) commencing 60 days prior to the first public announcement by us of any Change of Control (or pending Change of Control) and ending 60 days following consummation of such Change of Control (which Trigger Period will be extended following consummation of a Change of Control for so long as any of the Rating Agencies has publicly announced that it is considering a possible ratings change). If a Rating Agency is not providing a rating for the debt securities of any series at the commencement of any Trigger Period, the debt securities of that series will be deemed to have ceased to be rated Investment Grade by such Rating Agency during that Trigger Period. Notwithstanding the foregoing, no Change of Control Triggering Event will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

“*Investment Grade*” means a rating of Baa3 or better by Moody’s (or its equivalent under any successor rating category of Moody’s) and a rating of BBB- or better by S&P (or its equivalent under any successor rating category of S&P), and the equivalent investment grade credit rating from any replacement rating agency or rating agencies selected by us under the circumstances permitting us to select a replacement agency and in the manner for selecting a replacement agency, in each case as set forth in the definition of “Rating Agency.”

“*Moody’s*” means Moody’s Investors Service, Inc., a subsidiary of Moody’s Corporation, and its successors.

“*Person*” means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivisions thereof.

“*Rating Agency*” means each of Moody’s and S&P; provided, that if any of Moody’s or S&P ceases to rate the debt securities of any series or fails to make a rating of the debt securities of that series publicly available for reasons outside our control, we may appoint another “nationally recognized statistical rating organization” within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act as a replacement for such Rating Agency; provided, that we shall give notice of such appointment to the trustee.

“*S&P*” means Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc., and its successors.

“*Voting Stock*” of any specified Person as of any date means the capital stock of such Person that is at the time entitled to vote generally in the election of the board of directors of such Person.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of Republic Services, Inc. and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise, established definition of the phrase under applicable law. Accordingly, the applicability of the requirement that we offer to repurchase the debt securities as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Republic Services, Inc. and its Subsidiaries taken as a whole to another Person or group may be uncertain.

In addition, under a recent Delaware Chancery Court interpretation of a change of control repurchase requirement with a continuing director provision, a board of directors may approve a slate of shareholder-nominated directors without endorsing them or while simultaneously recommending and endorsing its own slate instead. The foregoing interpretation would permit our board to approve a slate of directors that included a majority of dissident directors nominated pursuant to a proxy contest, and the ultimate election of such dissident slate would not constitute a “Change of Control Triggering Event” that would trigger your right to require us to repurchase your debt securities as described above.

Certain Covenants

Unless otherwise indicated in the applicable prospectus supplement, the following restrictions will apply to each series of debt securities:

Restrictions on Liens. We will not, and will not permit any Restricted Subsidiary of ours to, Incur any Lien on any shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property of ours or a Restricted Subsidiary, whether such shares of stock, Indebtedness or other obligations of a Subsidiary or Principal Property is owned at the date of the applicable indenture or thereafter acquired, without in any such case effectively providing that all the debt securities issued under the applicable indenture will be directly secured equally and ratably with such Lien. These restrictions do not apply to:

(1) the Incurrence of any Lien on any shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property acquired after the date of the applicable indenture (including acquisitions by way of merger or consolidation) by us or a Restricted Subsidiary contemporaneously with such acquisition, or within 120 days thereafter, to secure or provide for the payment or financing of any part of the purchase price thereof, or the assumption of any Lien upon any shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property acquired after the date of the applicable indenture existing at the time of such acquisition, or the acquisition of any shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property subject to any Lien without the assumption thereof, provided that every such Lien referred to in this clause (1) shall attach only to the shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property so acquired and fixed improvements thereon;

(2) any Lien on any shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property existing on the date the debt securities are initially issued;

(3) any Lien on any shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property in favor of Republic Services, Inc. or any Restricted Subsidiary;

(4) any Lien on Principal Property being constructed or improved securing loans to finance such construction or improvements;

(5) any Lien on shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property Incurred in connection with the issuance of tax-exempt government obligations; and

(6) any renewal of or substitution for any Lien permitted by any of the preceding clauses (1) through (5), provided, in the case of a Lien permitted under clause (1), (2) or (4), the debt secured is not increased nor the Lien extended to any additional assets.

Notwithstanding the foregoing, we or any Restricted Subsidiary may create or assume Liens in addition to those permitted by clauses (1) through (6), and renew, extend or replace such Liens, provided that at the time of such creation, assumption, renewal, extension or replacement of such Lien, and after giving effect thereto, together with any sale and leaseback transactions entered into pursuant to the provisions of the indentures described below in the last paragraph under “— Certain Covenants — Limitation on Sale and Leaseback Transactions,” Exempted Debt does not exceed 20% of Consolidated Net Tangible Assets.

For the purposes of this “Restrictions on Liens” covenant and the “Limitation on Sale and Leaseback Transactions” covenant, the giving of a guarantee which is secured by a Lien on any shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property, and the creation of a Lien on any shares of stock, Indebtedness or other obligations of a Subsidiary or any Principal Property to secure Indebtedness that existed prior to the creation of such Lien, shall be deemed to involve the creation of Indebtedness in an amount equal to the principal amount guaranteed or secured by such Lien.

Given the size of our operations, at any given time we expect to have very few or no Principal Properties and accordingly, very few or no Restricted Subsidiaries.

Limitation on Sale and Leaseback Transactions. The indentures provide that we will not, and will not permit any Restricted Subsidiary to, sell or transfer, directly or indirectly, except to us or a Restricted Subsidiary, any Principal Property as an entirety, or any substantial portion thereof, with the intention of taking back a lease of such

property, except a lease for a period of two years or less at the end of which it is intended that the use of such property by the lessee will be discontinued; provided that, notwithstanding the foregoing, we or any Restricted Subsidiary may sell any such Principal Property and lease it back for a longer period:

(1) if we or such Restricted Subsidiary would be entitled, pursuant to the provisions of the indentures described above under “— Certain Covenants — Restrictions on Liens,” to create a mortgage on the property to be leased securing Funded Debt in an amount equal to the Attributable Debt with respect to such sale and leaseback transaction without equally and ratably securing the outstanding debt securities issued under the applicable indenture; or

(2) if we promptly inform the trustee of such transaction, the net proceeds of such transaction are at least equal to the fair market value (as determined by board resolution) of such property, and we cause an amount equal to the net proceeds of the sale to be applied to the retirement, within 180 days after receipt of such proceeds, of Funded Debt Incurred or assumed by us or a Restricted Subsidiary (including debt securities issued under the applicable indenture); provided further that, in lieu of applying all or any part of such net proceeds to such retirement, we may, within 75 days after such sale or transfer, deliver or cause to be delivered to the applicable trustee for cancellation either debentures or notes evidencing Funded Debt of ours (which may include debt securities issued under the applicable indenture) or of a Restricted Subsidiary previously authenticated and delivered by the applicable trustee, and not theretofore tendered for sinking fund purposes or called for a sinking fund or otherwise applied as a credit against an obligation to redeem or retire such notes or debentures. If we so deliver debentures or notes to the applicable trustee and an officer’s certificate to the trustee for the debt securities, the amount of cash that we will be required to apply to the retirement of Funded Debt will be reduced by an amount equal to the aggregate of the then applicable optional redemption prices (not including any optional sinking fund redemption prices) of such debentures or notes, or if there are no such redemption prices, the principal amount of such debentures or notes, provided, that in the case of debentures or notes which provide for an amount less than the principal amount thereof to be due and payable upon a declaration of the maturity thereof, such amount of cash shall be reduced by the amount of principal of such debentures or notes that would be due and payable as of the date of such application upon a declaration of acceleration of the maturity thereof pursuant to the terms of the indenture pursuant to which such debentures or notes were issued; or

(3) if we, within 180 days after the sale or transfer, apply or cause a Restricted Subsidiary to apply an amount equal to the greater of the net proceeds of such sale or transfer or the fair market value of the Principal Property (or portion thereof) so sold and leased back at the time of entering into such sale and leaseback transaction (in either case as determined by board resolution) to purchase other Principal Property having a fair market value at least equal to the fair market value of the Principal Property (or portion thereof) sold or transferred in such sale and leaseback transaction.

Notwithstanding the foregoing, we or any Restricted Subsidiary may enter into sale and leaseback transactions in addition to those permitted in the foregoing paragraph and without any obligation to retire any outstanding notes or other Funded Debt, provided that at the time of entering into such sale and leaseback transactions and after giving effect thereto, together with any Liens created, assumed or otherwise incurred pursuant to the provisions of the indentures described above in the third paragraph under “— Certain Covenants — Restrictions on Liens,” Exempted Debt does not exceed 20% of Consolidated Net Tangible Assets.

Definitions. Set forth below are certain defined terms used in the indentures. Reference is made to the indentures for a full disclosure of all such terms, as well as any other capitalized terms used herein for which no definition is provided. These definitions may be changed as described in a prospectus supplement.

“*Attributable Debt*” means, when used in connection with a sale and leaseback transaction, at any date of determination, the product of (1) the net proceeds from such sale and leaseback transaction multiplied by (2) a fraction, the numerator of which is the number of full years of the term of the lease relating to the property involved in such sale and leaseback transaction (without regard to any options to renew or extend such term) remaining at the date of the making of such computation and the denominator of which is the number of full years of the term of such lease measured from the first day of such term.

Table of Contents

“*Capital Stock*” means, with respect to any Person, any and all shares, interests, rights to purchase, warrants, options, participations or other equivalents of or interests (including partnership interests) in (however designated) the equity of such Person, including any preferred stock, but excluding any debt securities convertible into such equity.

“*Consolidated Net Tangible Assets*” means, as of any date, the total amount of assets of Republic Services, Inc. and its Subsidiaries on a consolidated basis (less applicable reserves and other properly deductible items) after deducting therefrom (1) all current liabilities (excluding any current liabilities which are by their terms extendible or renewable at the option of the obligor thereon to a time more than 12 months after the time as of which the amount thereof is being computed or which are supported by other borrowings with a maturity of more than 12 months from the date of calculation), (2) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles and (3) appropriate adjustments on account of minority interests of other Persons holding stock of Republic Services, Inc.’s Subsidiaries, all as set forth on the most recent balance sheet of Republic Services, Inc. and its consolidated Subsidiaries (but, in any event, as of a date within 120 days of the date of determination), in each case excluding intercompany items and computed in accordance with generally accepted accounting principles.

“*Exempted Debt*” means the sum, without duplication, of the following items outstanding as of the date Exempted Debt is being determined with respect to any series of debt securities: (1) Indebtedness of Republic Services, Inc. and the Restricted Subsidiaries Incurred after the date of the supplemental indenture under which a series of debt securities is created and secured by Liens created, assumed or otherwise Incurred or permitted to exist pursuant to the provisions of the indentures described above under “— Certain Covenants — Restrictions on Liens” and (2) Attributable Debt of Republic Services, Inc. and the Restricted Subsidiaries in respect of all sale and leaseback transactions with regard to any Principal Property entered into pursuant to the provisions of the indentures described above under “— Certain Covenants — Limitation on Sale and Leaseback Transactions.”

“*Funded Debt*” means all Indebtedness for borrowed money, including purchase money indebtedness, having a maturity of more than one year from the date of its creation or having a maturity of less than one year but by its terms being renewable or extendible, at the option of the obligor in respect thereof, beyond one year from its creation.

“*Incur*” means to issue, assume, guarantee, incur or otherwise become liable for. The terms “*Incurred*,” “*Incurrence*” and “*Incurring*” shall each have a correlative meaning.

“*Indebtedness*” means with respect to any Person at any date of determination (without duplication), indebtedness for borrowed money or indebtedness evidenced by bonds, notes, debentures or other similar instruments given to finance the acquisition of any businesses, properties or assets of any kind (including, without limitation, capital stock or other equity interests in any Person).

“*Lien*” with respect to any property or assets, means any mortgage or deed of trust, pledge, hypothecation, assignment, deposit arrangement, security interest, lien, charge, easement (other than any easement not materially impairing usefulness or marketability), encumbrance, preference, priority or other security agreement or preferential arrangement of any kind or nature whatsoever on or with respect to such property or assets (including, without limitation, any conditional sale or other title retention agreement having substantially the same economic effect as any of the foregoing), but not including the interest of a lessor under a lease that is an operating lease under generally accepted accounting principles.

“*Principal Property*” means any land, land improvements or building, together with the land upon which it is erected and fixtures comprising a part thereof, in each case, owned or leased by us or any Restricted Subsidiary and located in the United States, the gross book value (without deduction of any reserve for depreciation) of which on the date as of which the determination is being made is an amount which exceeds 2% of Consolidated Net Tangible Assets but not including such land, land improvements, buildings or portions thereof which is financed through the issuance of tax-exempt governmental obligations, or any such property that has been determined by a board resolution not to be of material importance to the respective businesses conducted by us or such Restricted Subsidiary effective as of the date such resolution is adopted by our board of directors.

“*Restricted Subsidiary*” means any Subsidiary which, at the time of determination, owns or is a lessee pursuant to a capital lease of any Principal Property.

“*Subsidiary*” of a Person means, with respect to any Person, any corporation, association, partnership or other business entity of which at least a majority of the total voting power of the Capital Stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time owned or controlled, directly or indirectly, by (1) such Person, (2) such Person and one or more Subsidiaries of such Person or (3) one or more Subsidiaries of such Person.

Consolidation, Merger or Sale of Substantially All Assets

Unless otherwise indicated in the applicable prospectus supplement, we may consolidate or merge with, or sell all or substantially all of our assets to, another corporation as long as the surviving corporation is organized under the laws of the United States or any state thereof or the District of Columbia and the consolidation, merger or sale does not create a default under the indentures. The resulting or acquiring corporation must assume all of our obligations under the indentures, including the payment of all amounts due on the debt securities and performance of the covenants. Under these circumstances, if our properties or assets become subject to a Lien not permitted by the indentures, we will equally and ratably secure the debt securities issued under the applicable indenture.

Filing of Financial Statements

The indentures require us to file quarterly and annual financial statements with the Securities and Exchange Commission.

Events of Default

Unless otherwise indicated in the applicable prospectus supplement, an event of default under each indenture with respect to any series of debt securities includes the following:

- failure to pay interest on the debt securities of that series for 30 days;
- failure to pay principal on the debt securities of that series when due;
- failure to perform any of the other covenants or agreements in the indenture relating to the debt securities of that series that continues for 60 days after notice to us by the trustee or holders of at least 25% in principal amount of the debt securities of that series then outstanding (for purposes of the financial statement reporting covenant, the 60-day grace period will be extended to 365 days);
- failure to pay when due any Indebtedness of ours or any Restricted Subsidiary having an aggregate principal amount outstanding of at least \$25.0 million that continues for 25 days after notice to us by the trustee or holders of at least 25% in principal amount of debt securities of that series then outstanding; or
- certain events of bankruptcy, insolvency or reorganization relating to us or any Restricted Subsidiary.

Each indenture provides that the trustee will, with certain exceptions, notify the holders of debt securities of any series of any event which is, or after notice or passage of time or both would be, an event of default with respect to that series within 90 days after receiving notice of the occurrence of such event.

If an event of default (other than with respect to certain events of bankruptcy, insolvency or reorganization) occurs and is continuing with respect to the debt securities of any series, the trustee or the holders of not less than 25% in principal amount of the debt securities then outstanding of that series may declare the principal amount, premium, if any, and accrued interest thereon to be due and payable. In that case, subject to certain conditions, the holders of a majority in principal amount of the, debt securities of that series then outstanding can rescind and annul such declaration and its consequences. If an event of default with respect to certain events of bankruptcy, insolvency or reorganization occurs and is continuing, then all of the debt securities will ipso facto become and be due and payable immediately in an amount equal to the principal amount of the debt securities, together with accrued and unpaid interest, if any, to the date the debt securities become due and payable, without any declaration or other act on the part of the trustee or any holder.

In the event of a declaration of acceleration because an event of default related to the failure to pay when due any Indebtedness having an aggregate principal amount outstanding of at least \$25.0 million has occurred and is continuing, such declaration of acceleration shall be automatically rescinded and annulled if the default triggering

such event of default shall be remedied or cured by us or the relevant Subsidiary or waived by the holders of the relevant Indebtedness within 60 days after the declaration of acceleration with respect thereto.

We are required to file an annual officers' certificate with each trustee concerning our compliance with the applicable indenture. Subject to the provisions of the indentures relating to the duties of the trustee, the trustee is not obligated to exercise any of its rights or powers at the request or direction of any of the holders unless they have offered the trustee security or indemnity satisfactory to the trustee. If the holders provide security or indemnity satisfactory to the trustee, the holders of a majority in principal amount of the outstanding debt securities of the applicable series during an event of default may direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the applicable indenture or exercising any of the trustee's trusts or powers with respect to the debt securities.

Prior to the acceleration of the maturity of the debt securities of any series, the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of that series may on behalf of the holders of all outstanding debt securities of that series waive any past default or event of default and its consequences, except a default or event of default (a) in the payment of the principal of, premium, if any, or interest on any debt security of that series (which may only be waived with the consent of each holder of debt securities affected) or (b) in respect of a covenant or a provision of the applicable indenture which cannot be modified or amended without the consent of the holder of each debt security outstanding affected by such modification or amendment.

Modification and Amendment of the Indentures

We and the guarantors, if any, may enter into supplemental indentures to each indenture with the applicable trustee without the consent of the holders of the debt securities to, among other things:

- evidence the assumption by a successor corporation of our obligations;
- add covenants for the benefit of the holders of one or more series of the debt securities;
- create a new series of debt securities under the applicable indenture;
- cure any ambiguity or correct any inconsistency in the applicable indenture;
- add guarantees or security; and
- make any change that does not adversely affect the rights of holders of the debt securities.

With the consent of the holders of a majority in principal amount of the debt securities of any series then outstanding and affected, we and the guarantors, if any, may execute supplemental indentures with the trustee to add provisions or change or eliminate any provision of the applicable indenture or any supplemental indenture or to modify the rights of the holders of the debt securities so affected.

Without the consent of the holders of each outstanding debt security of all series affected, no supplemental indenture will, among other things:

- reduce the percentage in principal amount of the debt securities of that series, the consent of the holders of which is required for any such supplemental indenture;
- reduce the principal amount of the debt securities of that series or their interest rate or change the stated maturity of or extend the time for payment of interest on the debt securities of that series;
- reduce the premium payable upon redemption of the debt securities of that series or change the time when the debt securities of that series may or shall be redeemed;
- amend, change or modify our obligation to make and consummate a Change of Control Offer in the event of a Change of Control Triggering Event in accordance with "— Change of Control Triggering Event" above after such Change of Control Triggering Event has occurred, including amending, changing or modifying any definition related thereto;
- impair the right to institute suit for the enforcement of the debt securities of that series;

- reduce the percentage in principal amount of the debt securities of that series required for waiver of compliance with certain provisions of the applicable indenture or certain defaults; or
- modify any other provisions with respect to modification and waiver, except to increase the percentage required for any modification or waiver or to provide that other provisions of the applicable indenture may not be modified or waived without the consent of the holders of each outstanding debt security.

Defeasance and Covenant Defeasance

The debt securities will be subject to defeasance and covenant defeasance as provided in the applicable indenture or any applicable supplemental indenture.

Except as otherwise described in a prospectus supplement, at our option, we (1) will be discharged from all obligations under the applicable indenture in respect of the debt securities of a particular series (except for certain obligations to exchange or register the transfer of the debt securities of that series, replace stolen, lost or mutilated debt securities of that series, maintain paying agencies and hold monies for payment in trust) or (2) need not comply with certain restrictive covenants of the applicable indenture (including the restrictions on Liens, the limitations on sale and lease back transactions and the requirement to make a Change of Control Offer) with respect to the debt securities of that series, in each case if we deposit with the trustee, in trust, money or U.S. government obligations (or a combination thereof) sufficient to pay the principal of and any premium or interest on the debt securities of that series when due. In order to select option (1) above, we must provide the trustee with an opinion of counsel stating that (a) we have received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case, to the effect that, and based thereon such opinion of counsel shall confirm that, holders and beneficial owners of the debt securities of that series will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred. In order to select option (2) above, we must provide the trustee with an opinion of counsel to the effect that the holders and beneficial owners of the debt securities of that series will not recognize income, gain or loss for federal income tax purposes as a result of such covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred.

In the event we exercise our option under (2) above with respect to the debt securities of a particular series and the debt securities of that series are declared due and payable because of the occurrence of any event of default other than default with respect to such obligations, the amount of money and U.S. government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from such event of default. We would remain liable, however, for such amounts.

Satisfaction and Discharge

An indenture will be discharged as to all outstanding debt securities of a particular series when:

- either (1) all of the debt securities of such series authenticated and delivered (other than (i) lost, stolen or destroyed debt securities of such series which have been replaced or paid in accordance with the indenture or (ii) all debt securities of such series for whose payment money has been deposited in trust or segregated and held in trust by us and thereafter repaid to us or discharged from such trust) have been delivered to the trustee for cancellation, or (2) all debt securities of such series not delivered to the trustee for cancellation (i) have become due and payable or (ii) will become due and payable at their stated maturity within one year; and we have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust an amount in U.S. dollars sufficient to pay and discharge the entire indebtedness on the debt securities of such series not theretofore delivered to the trustee for cancellation;
- we have paid or caused to be paid all other sums payable by us under the indenture; and
- we have delivered to the trustee an officers' certificate and an opinion of independent counsel each stating that (i) all conditions precedent relating to the satisfaction and discharge have been complied with, (ii) no

default with respect to the debt securities of such series has occurred and is continuing and (iii) such deposit does not result in a breach or violation of, or constitute a default under, the indenture or any other agreement or instrument to which we are a party.

Governing Law

The indentures will be governed by, and construed in accordance with, the laws of the State of New York.

Book-Entry System

Unless otherwise indicated in the applicable prospectus supplement, each series of debt securities initially will be represented by one or more global securities deposited with The Depository Trust Company (“DTC”) and registered in the name of DTC’s nominee. Except under the circumstances described below, we will not issue debt securities in definitive form.

Upon the issuance of a global security, DTC will credit on its book-entry registration and transfer system the accounts of persons designated by the underwriters or other purchasers with the respective principal amounts of the debt securities represented by the global security. Ownership of beneficial interests in a global security is limited to persons that have accounts with DTC or its nominee (“participants”) or persons that may hold interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership may be effected only through, records maintained by DTC or its nominee (for interests of persons who are participants) and records maintained by participants (for interests of persons who are not participants).

DTC or its nominee will be considered the sole owner or holder of the debt securities represented by a global security for all purposes under the indentures. Except as provided below, owners of beneficial interests in a global security will not be entitled to have debt securities represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of debt securities in definitive form, and will not be considered the owners of record or holders of debt securities under the indentures.

We will make principal and interest payments on each series of debt securities registered in the name of DTC or its nominee to DTC or its nominee as the registered holder of the relevant global security. None of us, the trustee, any paying agent nor the registrar for the debt securities will have any responsibility or liability for any aspect of the records relating to, or payment made on account of, beneficial interests in a global security or for maintaining, supervising or reviewing any records relating to such beneficial interests.

We expect that DTC or its nominee, upon receipt of any payment of principal or interest, will credit immediately participants’ accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the relevant global security as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such participants.

If DTC at any time is unwilling or unable to continue as a depository and we do not appoint a successor depository within 90 days, we will issue debt securities in definitive form in exchange for the entire global security. In addition, we may at any time and in our sole discretion determine not to have any particular series of debt securities represented by a global security and, in such event, we will issue debt securities in definitive form in exchange for the entire global security with respect to such series. In any such instance, an owner of a beneficial interest in a global security will be entitled to physical delivery in definitive form of debt securities represented by such global security equal in principal amount to such beneficial interest and to have such debt securities registered in the owner’s name. Debt securities so issued in definitive form will be issued as registered debt securities in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, unless we specify otherwise.

The information in this section concerning DTC and its book-entry system has been obtained from sources that we believe to be reliable, but we do not take responsibility for its accuracy.

The Trustee

The Bank of New York Mellon Trust Company, N.A. serves as the trustee under our indenture dated as of September 8, 2009. U.S. Bank National Association serves as the trustee under our indenture dated as of November 25, 2009.

DESCRIPTION OF CAPITAL STOCK

General

Under our charter, our authorized capital stock consists of 750 million shares of common stock, par value of \$.01 per share, and 50 million shares of preferred stock, par value \$.01 per share. As of March 31, 2010, there were approximately 381,374,749 shares of our common stock outstanding (excluding treasury shares of 14,935,207) and no shares of preferred stock outstanding.

Common Stock

This section describes the general terms that will apply to any common stock that we may offer in the future, to which a future prospectus supplement may relate. The following description and any description of our common stock in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to our certificate of incorporation and by-laws, in each case as amended, which are included as exhibits to our Registration Statement on Form S-3 of which this prospectus forms a part, and the applicable provisions of the laws of Delaware, our state of incorporation.

Our common stock is listed on the New York Stock Exchange and trades under the symbol "RSG." The rights, preferences and privileges of holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock which we may issue in the future.

Common Stock Outstanding. The outstanding shares of our common stock are duly authorized, validly issued, fully paid and nonassessable.

Voting Rights. Each holder of a share of our common stock is entitled to one vote for each share held of record on the applicable record date on all matters submitted to a vote of stockholders. Except for elections of directors, all matters properly presented to the stockholders are decided by a majority vote of the voting power of shares present in person or by proxy at a stockholders' meeting and entitled to vote thereon. Uncontested elections of directors are decided by a majority of the votes cast with respect to that director's election, and contested elections of directors are decided by a plurality of the votes cast.

Preemptive Rights. Holders of shares of our common stock have no preemptive right to purchase, subscribe for or otherwise acquire any unissued or treasury shares or other securities.

Dividend Rights. Subject to the preferential rights of any series of preferred stock outstanding from time to time, the holders of shares of our common stock are entitled to such cash dividends as may be declared from time to time by our board of directors from funds available for such purpose.

Liquidation Rights. Subject to the preferential rights of any series of preferred stock outstanding from time to time, upon our liquidation, dissolution or winding up, the holders of shares of our common stock are entitled to receive pro rata all of our assets available for distribution to such holders.

Transfer Agent. Common Stock Transfer Agent & Registrar is the transfer agent and registrar for the shares of our common stock.

Preferred Stock

This section describes the general terms that will apply to any series of preferred stock that we may offer in the future, to which a future prospectus supplement may relate. The following description and any description of any series of preferred stock in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to our certificate of incorporation and by-laws, in each case as amended,

which are included as exhibits to our Registration Statement on Form S-3 of which this prospectus forms a part, the certificate of designations governing the series of preferred stock, and the applicable provisions of the laws of Delaware, our state of incorporation.

Subject to limitations prescribed by Delaware law and our certificate of incorporation, our board of directors is authorized to issue, without action by the holders of our common stock, preferred stock in series and to establish from time to time the number of shares of preferred stock to be included in the series and to fix the designation and any preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends, qualifications and terms and conditions of redemption of the shares of each series, and such other subjects or matters as may be fixed by resolution of our board of directors or one of its duly authorized committees. As of the date of this prospectus, we have not issued any shares of preferred stock.

The prospectus supplement relating to any series of preferred stock that we may offer will describe the specific terms of the series of preferred stock it covers. These terms may include the following:

- the title and stated value of the series of shares of preferred stock;
- the number of shares of the series of shares of preferred stock offered and the offering price of such shares of preferred stock;
- the voting power, if any, of holders of shares of such series and, if voting power is limited, the circumstances under which such holders may be entitled to vote;
- the rate of dividends, if any, and the extent of further participation in dividend distributions, if any, whether dividends shall be cumulative or non-cumulative;
- whether or not such series shall be redeemable, and, if so, the terms and conditions upon which shares of such series shall be redeemable;
- the extent, if any, to which such series shall have the benefit of any sinking fund provision for the redemption or purchase of shares;
- the rights, if any, of such series, in the event of our dissolution, liquidation, winding up of our affairs
- if applicable, the dividend rate(s), period(s) and/or payment date(s) or the method(s) of calculation for those values relating to the shares of preferred stock of the series;
- if applicable, the date from which dividends on shares of preferred stock of the series shall cumulate;
- the procedures for any auction and remarketing, if any, for shares of preferred stock of the series;
- any listing of the series of shares of preferred stock on any securities exchange;
- the terms and conditions, if applicable, upon which shares of preferred stock of the series will be convertible into shares of common stock or other securities, including the conversion price, or manner of calculating the conversion price;
- whether interests in shares of preferred stock of the series will be represented by global securities;
- the relative ranking and preferences of shares of preferred stock of the series as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs;
- any limitations on issuance of any series of shares of preferred stock ranking senior to or on a parity with the series of shares of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs;
- any limitations on direct or beneficial ownership and restrictions on transfer of shares of preferred stock of the series; and
- any additional rights, preferences, qualifications, limitations and restrictions of the series.

In addition to describing the specific terms of the applicable series of preferred stock, the applicable prospectus supplement will contain a summary of certain United States federal income tax consequences applicable to such series of preferred stock.

Any shares of preferred stock sold hereunder, or issued upon conversion, exercise or exchange of other securities sold hereunder, will be duly authorized, validly issued and, to the extent provided in the applicable certificate of designations, fully paid and nonassessable. This means that, to the extent provided in the applicable certificate of designations, you have paid the full purchase price for your shares and will not be assessed any additional amount for your shares.

Our board of directors will designate the transfer agent and registrar for each series of preferred stock and the exchange or market on which such series will be listed or eligible for trading, if any, at the time it authorized such series.

To the extent that applicable law or the applicable certificate of designations provides that holders of shares of a series of preferred stock are entitled to voting rights, each holder shall be entitled to vote ratably (relative to each other such holder) on all matters submitted to a vote of such holders. Each holder may exercise such vote either in person or by proxy.

Antitakeover Effects of Certain Provisions

Our certificate of incorporation and by-laws and Delaware statutory law contain certain provisions that could make the acquisition of our company by means of a tender offer, a proxy contest or otherwise more difficult. The description set forth below is intended as a summary only and is qualified in its entirety by reference to our certificate of incorporation and by-laws, which are filed as exhibits to our Registration Statement on Form S-3 of which this prospectus is a part.

Number of Directors, Removal; Filling Vacancies. Our by-laws provide that the business and affairs of our company will be managed by or under the direction of a board of directors, consisting of not more than twelve members, the exact number thereof to be determined from time to time by resolution of the board of directors. Our by-laws also provide that no director may be removed with or without cause before the expiration of his or her term of office except by vote of the stockholders at a meeting called for such a purpose. In addition, our by-laws provide that any vacancy on our board of directors that results from an increase in the number of directors or any vacancy created by death, removal or resignation, may be filled either by the board of directors or by the stockholders.

Special Meeting. Our by-laws provide that special meetings of stockholders may be called by our board of directors or our president, unless otherwise prescribed by statute. The business permitted to be conducted at any special meeting of stockholders is limited to the purposes specified in the notice of meeting given by our company.

Advance Notice Provisions for Stockholder Nominations and Stockholder Proposals. Our by-laws establish an advance notice procedure for stockholders to make nominations of candidates for election of directors, or to bring other business before an annual meeting of stockholders.

The stockholder notice procedure provides that only persons who are nominated by, or at the direction of, our board of directors, or by a stockholder who has given timely written notice to the Secretary of our company prior to the meeting at which directors are to be elected, will be eligible for election as directors. The stockholder notice procedure provides that at an annual meeting only such business may be conducted as (i) is pursuant to the notice of meeting, (ii) has been brought before the meeting by, or at the direction of, our board of directors or (iii) has been brought before the meeting by a stockholder of record entitled to vote that has given timely written notice to the Secretary of our company of such stockholder's intention to bring proper business before the meeting. Under the stockholder notice procedure, for stockholder notice in respect of the annual meeting of our stockholders to be timely, such notice must be delivered to our principal executive offices, not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting. However, in the event that the date of the annual meeting is more than thirty days before or more than sixty days after the anniversary date, the notice must be delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or, if the first public announcement of the date of such annual meeting is less than 100 days

prior to the date of such annual meeting, the 10th day following the day on which public announcement of the date of such meeting is first made.

Under the stockholder notice procedure, a stockholder's notice to our company proposing to nominate a person for election as a director must contain certain information, including, without limitation, the identity and address of the nominating stockholder, the class and number of shares of stock of our company that are beneficially owned by such stockholder, and as to each person whom the stockholder proposes to nominate for election or reelection as a director, (i) all information relating to such person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors in a contested election pursuant to Section 14 of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder, (ii) a description of certain monetary agreements and material relationships between the nominating stockholder and the nominee, (iii) a written questionnaire completed by the nominee with respect to the background and qualification of such nominee and the background of any other person or entity on whose behalf the nomination is being made and (iv) a written representation and agreement from the nominee that the nominee does not have certain conflicts of interest. Under the stockholder notice procedure, a stockholder's notice relating to the conduct of business other than the nomination of directors must contain certain information about the proposed business and about the proposing stockholder, including, without limitation, a brief description of the business the stockholder proposes to bring before the meeting, the text of the proposed business, the reasons for conducting such business at such meeting, and any material interest of such stockholder in the business so proposed. If the chairman of the meeting determines that a nomination or any business proposed to be brought before the meeting was not made or proposed, as the case may be, in accordance with the stockholder notice procedure, then such defective proposal or nomination shall be disregarded.

By requiring advance notice of nominations by stockholders, the stockholder notice procedure affords our board of directors an opportunity to consider the qualifications of the proposed nominees and, to the extent deemed necessary or desirable by our board of directors, to inform stockholders about those qualifications. By requiring advance notice of other proposed business, the stockholder notice procedure also provides a more orderly procedure for conducting annual meetings of stockholders and, to the extent deemed necessary or desirable by our board of directors, provides our board of directors with an opportunity to inform stockholders, prior to meetings, of any business proposed to be conducted at the meetings, together with any recommendations as to our board of director's position regarding action to be taken with respect to such business, so that stockholders can better decide whether to attend such a meeting or to grant a proxy regarding the disposition of any such business.

Although our by-laws do not give our board of directors any power to approve or disapprove stockholder nominations for the election of directors or proper stockholder proposals for action, they may have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals if the proper procedures are not followed, and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal, without regard to whether consideration of such nominees or proposals might be harmful or beneficial to our company and stockholders.

Record Date Procedure for Stockholder Action by Written Consent. Our by-laws establish a procedure for the fixing of a record date in respect of corporate action proposed to be taken by our stockholders by written consent in lieu of a meeting. Our by-laws provide that any person seeking to have the stockholders authorize or take corporate action by written consent without a meeting shall, by written notice addressed to our Secretary, request the board of directors to fix a record date. Our by-laws state that our board of directors shall adopt a resolution fixing such requested record date within 10 days after the date upon which the request is received. If our board of directors fails within 10 days after we receive such notice to fix a record date, the by-laws provide that the record date shall be the first day on which a signed written consent setting forth the action taken or proposed to be taken is delivered to us unless prior action by our board of directors is required under the Delaware General Corporation Law (the "DGCL"), in which event the record date shall be at the close of business on the date on which our board of directors adopts the resolution taking such prior action. Our by-laws also provide that nationally recognized independent inspectors of elections shall promptly conduct a ministerial review of the validity of any written consents of stockholders duly delivered to us, and no action by written consent without a meeting shall be effective until such date as the independent inspectors certify to us that the duly delivered consents represent at least the minimum number of votes that would be necessary to take the corporate action.

Stockholder Meetings. Our by-laws provide that our board of directors and the chairman of a meeting may adopt rules and regulations for the conduct of stockholder meetings as they deem appropriate (including the establishment of an agenda, rules relating to presence at the meeting of persons other than stockholders, restrictions on entry at the meeting after commencement thereof and the imposition of time limitations for questions by participants at the meeting).

Preferred Stock. Our certificate of incorporation authorizes our board of directors to provide for the issuance of shares of preferred stock in one or more series and to establish from time to time the number of shares to be included in each such series, and to fix the designation, powers, privileges, preferences and rights of the shares of each such series and the qualifications, limitations and restrictions thereof.

We believe that the ability of our board of directors to issue one or more series of preferred stock provides us with flexibility in structuring possible future financings and acquisitions, and in meeting other corporate needs that might arise. The authorized shares of the preferred stock, as well as shares of common stock, will be available for issuance without further action by our stockholders, unless action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. The New York Stock Exchange currently requires stockholder approval as a prerequisite to listing shares in several instances, including in some cases where the present or potential issuance of shares could result in a 20 percent increase in the number of share of common stock outstanding or in the amount of voting securities outstanding. If the approval of our stockholders is not required for the issuance of shares of preferred stock or commons tock, our board of directors may determine not to seek stockholder approval.

Although our board of directors has no intention at the present time of doing so, it could issue a series of preferred stock that could, depending on the terms of such series, impede the completion of a merger, tender offer or other takeover attempt. Our board of directors will make any determination to issue such shares based on its judgment as to the best interests of our company and stockholders. Our board of directors, in so acting, could issue preferred stock having terms that could discourage an acquisition attempt through which an acquirer may be able to change the composition of our board of directors, including a tender offer or other transaction that some, or a majority, of our stockholders might believe to be in their best interests or in which stockholders might receive a premium for their stock over the then current market price of such stock.

Amendment of Certain Provisions of the Certificate of Incorporation and By-Laws. Under the DGCL, the stockholders of a corporation have the right to adopt, amend or repeal the by-laws and, with the approval of the board of directors, the certificate of incorporation of a corporation. In addition, if the certificate of incorporation so provides, the by-laws may be adopted, amended or repealed by the board of directors. Our certificate of incorporation provides that the by-laws may be amended or repealed by our board of directors.

Antitakeover Legislation. Section 203 of the DGCL provides that, subject to certain exceptions specified herein, a corporation shall not engage in any “business combination” with any “interested stockholder” for a three-year period following the time that such stockholder becomes an interested stockholder unless (i) prior to such time, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder, (ii) upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85 percent of the voting stock of the corporation outstanding at the time the transaction commenced (excluding certain shares) or (iii) on or subsequent to such time, the business combination is approved by the board of directors of the corporation and by the affirmative vote of at least 66²/₃ percent of the outstanding voting stock which is not owned by the interested stockholder. Section 203 of the DGCL generally defines an “interested stockholder” to include (x) any person that is the owner of 15 percent or more of the outstanding voting stock of the corporation, or is an affiliate or associate of the corporation and was the owner of 15 percent or more of the outstanding voting stock of the corporation at any time within three years immediately prior to the relevant date and (y) the affiliates and associates of any such person. Section 203 of the DGCL generally defines a “business combination” to include (1) mergers and sales or other dispositions of 10 percent or more of the assets of the corporation with or to an interested stockholder, (2) certain transactions resulting in the issuance or transfer to the interested stockholder of any stock of the corporation or its subsidiaries, (3) certain transactions which would result in increasing the proportionate share of the stock of the corporation or its subsidiaries owned by the interested stockholder and (4) receipt by the interested

stockholder of the benefit (except proportionately as a stockholder) of any loans, advances, guarantees, pledges or other financial benefits.

Under certain circumstances, Section 203 of the DGCL makes it more difficult for a person who would be an interested stockholder to effect various business combinations with a corporation for a three-year period, although the certificate of incorporation or stockholder-adopted by-laws may exclude a corporation from the restrictions imposed thereunder. Neither our certificate of incorporation nor our by-laws exclude our company from the restrictions imposed upon Section 203 of the DGCL. It is anticipated that the provisions of Section 203 of the DGCL may encourage companies interested in acquiring our company to negotiate in advance with our board of directors since the stockholder approval requirement would be avoided if our board of directors approves, prior to the time the stockholder becomes an interested stockholder, either the business combination or the transaction which results in the stockholder becoming an interested stockholder.

DESCRIPTION OF WARRANTS

This section describes the general terms that will apply to any warrants that we may offer in the future, to which a future prospectus supplement may relate. The following description and any description of warrants in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the applicable warrant agreement that we will enter into at the time of issue.

We may issue warrants to purchase debt securities, preferred stock, common stock or other securities. We may issue warrants independently or together with other securities. Warrants sold with other securities may be attached to or separate from the other securities. We will issue warrants under one or more warrant agreements between us and a bank or trust company, as warrant agent, that we will name in the prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The prospectus supplement relating to any warrants we offer will include specific terms relating to the offering. These terms may include some or all of the following:

- the title of such warrants;
- the aggregate number of such warrants;
- the price or prices at which such warrants will be issued;
- the currency or currencies, including composite currencies, in which the price of such warrants may be payable;
- the designation and terms of the securities purchasable upon exercise of such warrants and the number of such securities issuable upon exercise of such warrants;
- the price at which and the currency or currencies, including composite currencies, in which the securities purchasable upon exercise of such warrants may be purchased;
- the date on which the right to exercise such warrants shall commence and the date on which such right will expire;
- whether such warrants will be issued in registered form or bearer form;
- if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;
- if applicable, the designation and terms of the securities with which such warrants are issued and the number of such warrants issued with each such security;
- if applicable, the date on and after which such warrants and the related securities will be separately transferable;
- information with respect to book-entry procedures, if any; and

- any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

In addition to describing the specific terms of the warrants, the applicable prospectus supplement will contain a summary of certain United States federal income tax consequences applicable to the warrants.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

This section describes the general terms that will apply to any stock purchase contracts or stock purchase units that we may offer in the future, to which a future prospectus supplement may relate. The following description and any description of stock purchase contracts or stock purchase units in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the stock purchase contract agreement or stock purchase unit agreement, as applicable, that we will enter into at the time of issue and, if applicable, collateral arrangements and depositary arrangements relating to such stock purchase contracts or stock purchase units.

We may issue stock purchase contracts, including contracts obligating holders to purchase from or sell to us, and obligating us to sell to or purchase from the holders, a specified number of shares of common stock or other securities at a future date or dates, which we refer to in this prospectus as stock purchase contracts. The price per share of the securities and the number or amount of the securities may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts, and may be subject to adjustment under anti-dilution formulas. The stock purchase contracts may be issued separately or as part of units consisting of a stock purchase contract and debt securities, common securities, preferred securities, warrants or debt obligations of third parties, including U.S. treasury securities, any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders' obligations to purchase the securities under the stock purchase contracts, which we refer to herein as stock purchase units. The stock purchase contracts may require holders to secure their obligations under the stock purchase contracts in a specified manner. The stock purchase contracts also may require us to make periodic payments to the holders of the stock purchase contracts or the stock purchase units, as the case may be, or vice versa, and those payments may be unsecured or pre-funded on some basis.

The prospectus supplement relating to any stock purchase contracts or stock purchase units that we may offer will describe the specific terms of the stock purchase contracts or stock purchase units it covers, including, if applicable, collateral or depositary arrangements. In addition to describing the specific terms of the stock purchase contracts or stock purchase units, the applicable prospectus supplement will contain a summary of certain United States federal income tax consequences applicable to the stock purchase contracts or stock purchase units, as applicable.

DESCRIPTION OF SUBSCRIPTION RIGHTS

This section describes the general terms that will apply to any subscription rights that we may offer in the future, to which a future prospectus supplement may relate. The following description and any description of subscription rights in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the subscription rights agreement that we will enter into at the time of issue.

We may issue subscription rights to purchase common stock, preferred stock, debt securities or other securities. These subscription rights may be issued independently or together with any other security offered by us and may or may not be transferable by the securityholder receiving the subscription rights in such offering. In connection with any offering of subscription rights, we may enter into a standby arrangement with one or more underwriters or other purchasers pursuant to which the underwriters or other purchasers may be required to purchase up to all of the securities remaining unsubscribed for after such offering.

The prospectus supplement relating to any subscription rights that we may offer will describe the specific terms of the subscription rights it covers. These terms may include the following:

- the price, if any, for the subscription rights;

Table of Contents

- the exercise price payable for each share of common stock, share of preferred stock, debt security or other security upon the exercise of the subscription right;
- the number of subscription rights issued to each securityholder;
- the number and terms of each share of common stock, share of preferred stock, debt security or other security that may be purchased per each subscription right;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the subscription rights or the exercise price of the subscription rights;
- the extent to which the subscription rights are transferable;
- any other terms of the subscription rights, including the terms, procedures and limitations relating to the exchange and exercise of the subscription rights;
- the date on which the right to exercise the subscription rights shall commence, and the date on which the subscription rights shall expire;
- the extent to which the subscription rights may include an over-subscription privilege with respect to unsubscribed securities; and
- if applicable, the material terms of any standby underwriting or purchase arrangement entered into by us in connection with the offering of subscription rights.

In addition to describing the specific terms of the subscription rights, the applicable prospectus supplement will contain a summary of certain United States federal income tax consequences applicable to the subscription rights.

PLAN OF DISTRIBUTION

We may offer and sell the securities being offered hereby in one or more of the following ways from time to time:

- to underwriters or dealers for resale to the public or to institutional investors;
- directly to institutional investors;
- directly to a limited number of purchasers or to a single purchaser;
- through agents to the public or to institutional investors;
- by pledge to secure debts and other obligations;
- through the writing of options or other hedging or derivative transactions;
- through a combination of any of these methods of sale; or
- any other method permitted pursuant to applicable law.

The prospectus supplement with respect to each series of securities will state the terms of the offering of the securities, including:

- the offering terms, including the name or names of any underwriters, dealers or agents;
- the purchase price of the securities and the net proceeds to be received by us from the sale;
- any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;
- any public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any securities exchange on which the securities may be listed.

Table of Contents

If we use underwriters or dealers in the sale, the securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions, including:

- privately negotiated transactions;
- at a fixed public offering price or prices, which may be changed;
- in “at the market offerings” within the meaning of Rule 415(a)(4) of the Securities Act;
- at prices related to prevailing market prices; or
- at negotiated prices.

Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If underwriters are used in the sale of any securities, the securities may be offered either to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Generally, the underwriters’ obligations to purchase the securities will be subject to certain conditions precedent. The underwriters will be obligated to purchase all of the securities if they purchase any of the securities.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of common shares, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of common shares. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement or a post-effective amendment to this registration statement.

If indicated in an applicable prospectus supplement, we may sell the securities through agents from time to time. The applicable prospectus supplement will name any agent involved in the offer or sale of the securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment. We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The delayed delivery contracts will be subject only to those conditions set forth in the applicable prospectus supplement, and the applicable prospectus supplement will set forth any commissions we pay for solicitation of these delayed delivery contracts.

Offered securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreements, if any, with us and its compensation will be described in the applicable prospectus supplement.

Agents, underwriters and other third parties described above may be entitled to indemnification by us against certain civil liabilities under the Securities Act, or to contribution with respect to payments which the agents or underwriters may be required to make in respect thereof. Agents, underwriters and such other third parties may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

Each series of securities will be a new issue of securities and will have no established trading market, other than our common stock, which is listed on the New York Stock Exchange. Any common stock sold will be listed on the New York Stock Exchange, upon official notice of issuance. The securities other than the common stock may or may not be listed on a national securities exchange and no assurance can be given that there will be a secondary market for any such securities or liquidity in the secondary market if one develops. Any underwriters to whom securities are sold by us for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice.

LEGAL MATTERS

Certain legal matters in connection with the securities offered pursuant to this prospectus will be passed upon by Mayer Brown LLP, Chicago, Illinois. Any underwriters will be advised about legal matters by their own counsel, who will be named in a prospectus supplement to the extent required by law.
