REPUBLIC SERVICES, INC. REPORTS FIRST QUARTER RESULTS

- **Company reports earnings of \$0.34 per share; \$0.46 as adjusted**
- **Adjusted free cash flow on target at \$213 million**
- **Positive internal growth and sequential improvement in core price and volume performance**

PHOENIX (April 25, 2013) - Republic Services, Inc. (NYSE: RSG) today reported net income of \$124.6 million, or \$0.34 per diluted share, for the three months ended March 31, 2013, versus \$142.9 million, or \$0.38 per diluted share, for the comparable 2012 period.

Republic's net income for the three months ended March 31, 2013 and 2012, includes a number of charges and other expenses and benefits that impacted its results. A detail of these charges, other expenses and benefits is contained in the Reconciliation of Certain Non-GAAP Measures section of this document. Excluding these items, net income for the three months ended March 31, 2013 and 2012, would have been \$167.4 million, or \$0.46 per diluted share, and \$140.9 million, or \$0.38 per diluted share, respectively.

Excluding certain charges, other expenses and benefits recorded during 2013 and 2012 as described in the Reconciliation of Certain Non-GAAP Measures section of this document, adjusted earnings before interest, taxes, depreciation, depletion, amortization and accretion (adjusted EBITDA) for the three months ended March 31, 2013, would have been \$569.3 million, or 28.5 percent of revenue, compared to \$556.8 million, or 28.1 percent of revenue, for the comparable 2012 period.

Revenue for the three months ended March 31, 2013, increased to \$1,998.6 million from \$1,982.4 million for the comparable 2012 period. This increase in revenue of 0.8 percent was made up of increases in core price of 1.2 percent, fuel recovery fees of 0.3 percent and acquisitions, net of divestitures of 0.5 percent that were partially offset by decreases in volumes of 1.0 percent and recycling commodities of 0.2 percent.

Commenting on these results, Donald W. Slager, president and chief executive officer, said, "I am pleased with our first quarter results, which demonstrate our ability to profitably grow our North American solid waste and recycling businesses. Consistent with our expectations, we saw sequential improvements in core pricing,

volume and EBITDA margin performance. We remain on-track to achieve our full year 2013 guidance, and continue to efficiently return cash to stockholders.”

Company Declares Quarterly Dividend

Republic also announced that its Board of Directors declared a regular quarterly dividend of \$0.235 per share for stockholders of record on July 1, 2013. The dividend will be paid on July 15, 2013.

RECONCILIATION OF CERTAIN NON-GAAP MEASURES

Earnings Before Interest, Taxes, Depreciation, Depletion, Amortization and Accretion

The following table calculates earnings before interest, taxes, depreciation, depletion, amortization and accretion (EBITDA), which is not a measure determined in accordance with U.S. generally accepted accounting principles (GAAP), for the three months ended March 31:

	Three Months Ended March 31,	
	2013	2012
Net income attributable to Republic Services, Inc.	\$ 124.6	\$ 142.9
Net income (loss) attributable to noncontrolling interests	0.3	(0.1)
Provision for income taxes	58.4	80.3
Other income, net	(0.2)	(0.2)
Interest income	(0.3)	(0.3)
Loss on extinguishment of debt	1.8	—
Interest expense	89.6	104.3
Depreciation, amortization and depletion	209.6	213.7
Accretion	19.2	19.7
EBITDA	\$ 503.0	\$ 560.3

We believe that presenting EBITDA is useful to investors because it provides important information concerning our operating performance exclusive of certain non-cash and other costs. EBITDA demonstrates our ability to execute our financial strategy, which includes reinvesting in existing capital assets to ensure a high level of customer service, investing in capital assets to facilitate growth in our customer base and services provided, maintaining our investment grade credit rating and minimizing debt, paying cash dividends, repurchasing our common stock, and maintaining and improving our market position through business optimization. This measure has limitations. Although depreciation, depletion, amortization and accretion are considered operating costs in accordance with GAAP, they represent the allocation of non-cash costs generally associated with long-lived assets acquired or constructed in prior years. Our definition of EBITDA may not be comparable to similarly titled measures presented by other companies.

Adjusted Earnings

Reported diluted earnings per share were \$0.34 for the three months ended March 31, 2013 versus \$0.38 for the comparable 2012 period. During the three months ended March 31, 2013 and 2012, we recorded a number of charges, other expenses and net (gain) loss on disposition of assets that impacted our EBITDA, pre-tax income, net income attributable to Republic Services, Inc. (Net Income – Republic) and diluted earnings per share. These items primarily consist of the following:

	Three Months Ended March 31, 2013				Three Months Ended March 31, 2012			
	EBITDA	Pre-tax Income	Net Income - Republic	Diluted Earnings per Share	EBITDA	Pre-tax Income	Net Income - Republic	Diluted Earnings per Share
As reported	\$ 503.0	\$ 183.3	\$ 124.6	\$ 0.34	\$ 560.3	\$ 223.1	\$ 142.9	\$ 0.38
Negotiation and withdrawal costs - Central States Pension Fund	62.2	62.2	38.7	0.11	0.1	0.1	0.1	—
Restructuring charges	4.9	4.9	3.5	0.01	—	—	—	—
Loss on extinguishment of debt	—	1.8	1.1	—	—	—	—	—
Gain on disposition of assets and impairments, net	(0.8)	(0.8)	(0.5)	—	(3.6)	(3.6)	(2.1)	—
Adjusted	\$ 569.3	\$ 251.4	\$ 167.4	\$ 0.46	\$ 556.8	\$ 219.6	\$ 140.9	\$ 0.38

We believe that presenting adjusted EBITDA, adjusted pre-tax income, adjusted net income attributable to Republic Services, Inc., and adjusted diluted earnings per share, which are not measures determined in accordance with GAAP, provides an understanding of operational activities before the financial impact of certain items. We use these measures, and believe investors will find them helpful, in understanding the ongoing performance of our operations separate from items that have a disproportionate impact on our results for a particular period. We have incurred comparable charges and costs in prior periods, and similar types of adjustments can reasonably be expected to be recorded in future periods. Our definition of adjusted EBITDA, adjusted pre-tax income, adjusted net income attributable to Republic Services Inc., and adjusted diluted earnings per share may not be comparable to similarly titled measures presented by other companies.

Adjusted Free Cash Flow

The following table calculates our adjusted free cash flow, which is not a measure determined in accordance with GAAP, for the three months ended March 31:

	Three Months Ended March 31,	
	2013	2012
Cash provided by operating activities	\$ 419.8	\$ 334.2
Property and equipment received	(217.1)	(206.4)
Proceeds from sales of property and equipment	3.2	4.8
Cash paid related to negotiation and withdrawal costs - Central States Pension Fund, net of tax	2.6	—
Restructuring payments, net of tax	4.3	—
Merger-related payments, net of tax	—	40.9
BFI risk management and Allied exchange of partnership interest tax payments	—	1.8
Adjusted free cash flow	\$ 212.8	\$ 175.3

We believe that presenting adjusted free cash flow provides useful information regarding our recurring cash provided by operating activities after certain payments. It also demonstrates our ability to execute our financial strategy and is a key metric we use to determine compensation. The presentation of adjusted free cash flow has material limitations. Adjusted free cash flow does not represent our cash flow available for discretionary payments because it excludes certain payments that are required or to which we

have committed such as debt service requirements and dividend payments. Our definition of adjusted free cash flow may not be comparable to similarly titled measures presented by other companies.

Purchases of property and equipment as reflected on our consolidated statements of cash flows presented above represent amounts paid during the period for such expenditures. A reconciliation of property and equipment reflected on our consolidated statements of cash flows to property and equipment received during the period is as follows for the three months ended March 31:

	Three Months Ended March 31,	
	2013	2012
Purchases of property and equipment per the unaudited consolidated statements of cash flows	\$ 214.8	\$ 274.2
Adjustments for property and equipment received during the prior period but paid for in the following period, net	2.3	(67.8)
Property and equipment received during the period	<u>\$ 217.1</u>	<u>\$ 206.4</u>

The adjustments noted above do not affect our net change in cash and cash equivalents as reflected in our consolidated statements of cash flows.

As of March 31, 2013 and 2012, accounts receivable were \$821.9 million and \$808.4 million, net of allowance for doubtful accounts of \$42.8 million and \$45.8 million, resulting in days sales outstanding of 37 (or 23 net of deferred revenue) and 37 (or 23 net of deferred revenue), respectively.

CASH DIVIDENDS

In January 2013, we paid a cash dividend of \$84.9 million to stockholders of record as of January 2, 2013. As of March 31, 2013, we recorded a dividend payable of \$84.9 million to stockholders of record as of April 1, 2013, which was paid on April 15, 2013. In April 2013, our board of directors declared a regular quarterly dividend of \$0.235 per share to be paid on July 15, 2013 to stockholders of record as of July 1, 2013.

STOCK REPURCHASE PROGRAM

We have had a share repurchase program since November 2010. From November 2010 to March 31, 2013, we used \$892.5 million to repurchase 31.1 million shares at a weighted average cost per share of \$28.69. During the three months ended March 31, 2013, we repurchased 2.1 million shares of our stock for \$67.0 million at a weighted average cost per share of \$31.40. As of March 31, 2013, 0.3 million repurchased shares were pending settlement and \$9.5 million was unpaid and included within other accrued liabilities.

As of March 31, 2013, we had 361.4 million shares of common stock issued and outstanding.
